Forestry Camp Cancelled Because of Polio Threat

State Forester W. K. Beichler announced today that because of the polio threat in North Carolina, the annual forestry camp for farm boys, operated by the division of forestry and parks, has been called off. Beichler said that Dr. Roy Norton, state health officer, advised him that it would be undesirable to hold the camp this year in view of the fact 20 of the 70 boys were to come from other southern states.

The forestry camp was to be held from Aug. 23 to Aug. 27, at the division's Singletary Lake group camp. It was to be sponsored by member mills of the Southern Pulpwood Conservation association and the Seaboard Air-line railroad. The State Vocational Agriculture department and the agricultural extension service select the farm boys each year for this camp.

Sultan Suggests Mass Wedding Ceremonies

SINGAPORE — (AP) — Malay marriage customs may be due for a streamlining. Such, at least, is the hope of the Sultan of Selangor. He is urging conservative Malays to adopt mass weddings. "In these days of progressive development,"

Lutheran Pastor Here

The Reverend Samuel Cox, Lutheran pastor of Greensboro, is visiting Coxhaven, home of Walter R. Cox on the Beaufort-Morehead City causeway. The Rev. Mr. Cox urges any Lutherans in the county who wish to confer with a minister to call on him.

he is quoted as saying, "we want to do things in a rapid, smart, efficient, attractive and economical manner."

The Sultan has even offered the use of one of his palaces for mass weddings. The idea isn't brand new in Malaya. During the occupation a mass wedding was attempted but failed because few people were interested. Today, though, according to a recent survey of Malay public opinion, the younger generation, favor removing some of the gingerbread from the traditional three-day long wedding ceremony, which is primarily Hindu in origin, although the Malays are Muslims.
