Magician Leaves Book Of Secrets With Friend
FOLKSTONE, England — (AP) — Magician Will Goldston's secrets did not die with him. His will, just published, left three locked books full of them to a friend, Thomas Harris of Derby.

When Harris dies, the will said, the books are to go to the British Museum in London. They tell about tricks Goldston learned from Houdini, Horace Golding and other great magicians.

Harris said he'll show them to any sleight-of-hand man who wants a peek. Goldston, founder and president of the Magician's Club, died here last February.
