With the 7th Infantry Division, U. S. Army, in Korea — Private Joseph S. Garner, son of Mr. and Mrs. Guy W. Garner, Newport, recently was awarded the combat infantryman badge for exemplary performance of duty in ground combat against the enemy.

This badge is awarded to front line soldiers and distinguishes them from the rear area and service troops.

Garner is fighting with the 17th Infantry (Buffalo) Regiment on the Central Front. The 3rd Battalion of his regiment is commanded by Colonel Robert B. Pridden of Henderson.

His unit participated in the initial liberation of Seoul and later was the only American regiment to reach the Manchurian border. Recently the "Buffaloes" climaxed a forty-five mile advance during a three-day period with the capture of Hwachen in North Korea.

Garner attended Newport high school before entering the Army. He wears the Korean service medal in addition to the combat infantryman badge.

# Craven Officers Blow Up Big Still in Craven County

One of the largest whiskey-making units ever found in Craven county was discovered in the North Harlowe section and destroyed by dynamite Friday by Sheriff C. B. Berry, Constable Bruce Pate and Deputy Sheriff Obie Edwards.

The officers found 10,000 gallons of mash in 34 wooden vats and 200 gallons of whiskey in barrels and jars on arrival at the plant about 5 o'clock Friday afternoon.

Officers said the whiskey-making plant was a steam rig that compared favorably with equipment used by commercial manufacturers who make whiskey legally.

The illegal manufacturers had left the still when officers arrived although it was functioning and making whiskey.

So much liquor-making equipment was found that the officers spent several hours blowing up all of it with dynamite. Deputy Sheriff Edwards said that this still was the second largest ever found in the county.
