

# Eagles Hope to Continue Five-Game Win Streak

The Morehead City football team will seek to continue its five-game winning streak tonight when it meets Camp Lejeune at 8 p.m. at Wade Brothers stadium.

After dropping their first game to Greenville, the Eagles have rolled up a string of victories against Swansboro, Garner, Jones Central, Farmville and Beaufort. Three of the wins have been against Seashore conference opponents.

The conference leaders should have little trouble with Camp Lejeune. The Devilpups are in fifth place in the six-team loop with a record of two losses and one tie in conference play. The visitors were anything but impressive in their showing against Beaufort three weeks ago.

The Lejeune team reportedly has picked up some new players recently and may have improved since its last visit to Carteret county. Charles Hester, Morehead City coach, fears that the Devilpups may spring a few surprises tonight.

Hester reports that the Eagles held no practice sessions until Wednesday afternoon and he is afraid that the team may have lost some of its edge. He also fears a letdown after the Beaufort game.

The Eagles are still dogged by injuries. Jerry Conner has been bothered by an ear infection and has been unable to wear a helmet. He may not play tonight. Fullback Jimmy Willis is still out of action with a knee injury.

Despite injuries and lack of practice, the Eagles should keep their streak going tonight unless the Devilpups show a great improvement.

# Improved Beaufort Team Seeks Second Win in Conference Play

The Beaufort Sea Dogs will be after their second conference win of the season tonight as they meet Swansboro. The Beaufort eleven has a Seashore conference record of one win and one loss.

The Sea Dogs defeated Camp Lejeune three weeks ago in their first conference game and they dropped a very close game to Morehead City last week.

Beaufort has improved considerably since the start of the season and, with a few breaks, could have beaten Morehead City last week. If the team continues to show the spark which it showed against the Eagles, it should not have too much difficulty with Swansboro.

Coach John Evans reports that the Sea Dogs are in top physical condition. The team came out of the Morehead City game without suffering any injuries.

Evans says that his team was up for the game with their arch-rivals. He believes that the boys will win a few ball games if they can stay up. He is, however, afraid that they may let down against Swansboro.

The Sea Dogs' backfield is finally living up to pre-season expectations. B. G. O'Neal, Wallace Conner and Lewis Woodard seem to have found their stride. These three plus Billy Eudy add up to a formidable backfield.

Beaufort's light, inexperienced line is beginning to show the results of game experience. The line is profiting from the mistakes it made in earlier games.

Beaufort should improve its position in the conference standings tonight. It is now in fourth place behind Swansboro. A win tonight will move the Sea Dogs up into the third spot behind Morehead City and Pamlico.

# Rent Director Answers Queries

(These questions were selected from those often asked of the local rent office. If you have a question about the rent stabilization program address it to: Area Rent Office, Pender building, 9th and Arendell st., Morehead City.)

Q. My landlord charged \$2.50 extra per month if I do not pay my rent by the 10th of the month. Is this charge legal?

A. In order for your landlord to charge this extra amount he must have had a contract on the date determining the maximum rent which expressly provided for alternate rents, i. e., if the rent was paid on or before the 10th of the month it would be say \$60.00, and if it was paid later than that it would be \$62.50.

Q. My landlord furnishes my heat and utilities as part of our rental agreement. Recently I bought several electric space heaters because last winter the heat my landlord furnished was not sufficient for me. Now my landlord says he is going to your office and ask that my rent be increased because the heaters will use much more electricity. Can he do this?

A. If your use of electric space heaters substantially increases the amount of electricity your landlord is required to furnish, he can petition for and receive an increase in maximum rent to cover the increased expense. However, if the amount of heat he furnishes is not sufficient to heat your unit normally in the winter you can ask for a decrease in maximum rent because of decreased services. If, on the other hand, the heat is insufficient for you merely because you desire or need higher than normal temperatures, your petition for decrease in the maximum rent would be denied.

Q. A tenant in a house I own recently installed a television antenna on the roof without my permission and, in doing so, caused considerable damage to the roof. It is now necessary that I have the roof repaired at considerable expense. Can I charge this to the tenant and, can I evict this tenant for his unauthorized action that resulted in damage to my property?

A. Your recourse for damage to your property by the tenant would be, as it always has been, under local law. If the tenant is violating his rental agreement in the use of the roof you can give him written notice to cease the violation and if he fails to do so you can then proceed to evict upon giving him ten days written notice to move. However, if you retain your tenant and permit him the use of the roof for his antenna you may petition the rent director for an increase in the maximum rent, and an appropriate increase will be allowed you.

# Royal Order of Dizzy Dozen Celebrates 30th Anniversary

The Royal Order of the Dizzy Dozen met here last Monday to celebrate their 30th anniversary, and incidentally, to go fishing.

The group, composed of school men from all over North Carolina, was organized 30 years ago by the Carteret county superintendent of schools. It has met here every year since that time.

Re-elected as "Kingfish" of the organization this year was H. L. Joslyn, county superintendent of schools. The county superintendent of schools who set up the group served as "Kingfish" until his death, at which time Joslyn was elected to that post, and has been re-elected each succeeding year.

Here for this year's affair were State Superintendent of Public Instruction, Charles F. Carroll, Superintendent of Wake county schools, Randolph Benton, Superintendent of schools at Fayetteville, F. D. Byrd, Superintendent of Laurinburg city schools, A. B. Gibson, Superintendent of Albemarle city schools, Claude Grigg, Superintendent of Martin county schools, J. C. Manning, Supt. C. Reid Ross, Fayetteville, Dr. A. M. Proctor, retired head of the education department at Duke university, Supt. L. E. Spikes, Burlington, Supt. J. P. Sifford, Albermarle, Dr. Allen S. Hurlburt, U. of N. C., education department, Dean Guy B. Phillips, school of education, U. of N. C.

In attendance at this year's gathering also were representatives of several book and desk companies. Here were Lawrence Lohr, World Book company, Thad Mullis, Southern Desk company, W. J. Privette, Van-Strand company, P. E. Seagle, Ginn company, S. G. Crater, Scotts-Foresman company, R. C. Fitzgerald, Silver-Burdette company, Jule B. Warren, Warren Publishing company, Henry Stoneham, Ginn company, and C. E. Worley, Southern Desk company.

Guests this year were several wives, Mrs. Carroll, Mrs. Mullis, Mrs. Sifford, Mrs. Warren and Mrs. Fitzgerald. John Stoneham was also a guest.

Only two charter members of the organization remain of the original group organized 30 years ago.

# Marines Begin Hoop Practice

Cherry Point—Opening drills for the 1952-53 basketball season began here this week for the Cherry Point Flyers with about 65 candidates reporting to Second Lieutenant John E. Sullivan.

The Marine hopefuls will work out each night in their bids for the 15 places on the Flyer varsity, many of the candidates have college basketball experience.

Four members of last year's team were among the candidates. Howard Miller, Don English and Luther Hasbrook will all be eligible for the squad, but a new rule limiting the number of seasons a man may play at one duty station will probably make Charles Ford ineligible.

Lieutenant Sullivan was head coach of the El Toro "Flying Bulls" while stationed there as an enlistment man in 1950. He was assistant coach there from 1946 to 1949. A former Niagara university athlete, he is now end coach for the Flyer football team.
