NOW
A Finer Carolina Program No. 2
FOR '53!

The first FINER CAROLINA Program, just now coming to a close, was far more successful than we dared hope when it was initiated early this year. In all, one hundred and forty-eight towns and communities took part in the program, working on some 887 different projects for the betterment of their communities. The prize winners have not been announced yet, but without doubt EVERY one of the contestants has gained in community improvement.

NOW—we are announcing a new and bigger FINER CAROLINA Program for '53. It will be similar to last year's program with the same type of organization — the same help from C. P. & L. with newspaper advertising — radio — novelties — billboards — and other promotional aids. The towns entering NOW and effecting their organizations early will, of course, have that much better chance at the prize money next December. Be sure that your town is in this program — see your nearest Carolina Power & Light Company representative now.

Special for Farmers...

The 1953 FINER CAROLINA Program will have a special division for farmers in the territory served by the Company. This section of the contest will offer prizes for FINER FARMS contributing to a FINER CAROLINA and will be based on conservation practices. See your nearest C. P. & L. representative for details — enter the contest and be eligible for the important prizes. Do it today.

MORE AND MORE PRIZES

More than \$9,000 in cash prizes will be distributed to approximately thirty prize winners.

Communities, farmers and counties will compete among themselves in this big new contest.
