

Quarterly Report to Board **Girl Scout Cookie Chairman**

Reports Results Mrs. R. O. Barnum, Carteret County chairman for the recent firl Scout cookie sale, announces the following results: Morehead City, which includes Morehead City, which includes

the following results: Morehead City, which includes Morehead School and Camp Glenn School troops, sold 2,642 boxes of cookies, with troop profits totaling the possible to take red snapper with trawl nets as well as with hand lines in our ocean waters.

Beaufort School troops sold 625 boxes with profits totaling \$31.25. Atlantic troops sold 545 boxes; troop profits totaled \$27.20.

W. S. King School Brownie troop old 114 boxes with \$5.70 profit. Queen Street School Intermediate troop sold 209 boxes with \$10.45 profit.

For each box of cookies sold, 5 cents is retained as troop profit, 22 cents goes to the cookie baking company and 13 cents is placed in the Coastal Carolina Girl Scout Council's camping fund, to main-tain and develop camping sites.

Aaron Slick Due at Newport

Aaron Slick from Punkin Crick will be at Newport next Friday night, courtesy of the Newport Rotary Club and Fire Department. The entertainment, a play, will be given at 8 p.m. in the school was affected unfavorably. Good

In the cast are the following: Henry G. Edwards, Newport's ru-ral mail carrier; Alberta Mann, the town's mail clerk; Derryl Gar-ner, a former Rotarian; Christobel Cannon, a housewife; Julia Creech, wife of Rotarian J. T. Creech Jr., Nathan Garner, bank cashier; and Frances Howard, daughter-in-law of Rotarian Lonnie Howard.

Tague, Newport postmaster. Tickets are a dollar for adults and 50 cents for children. catch totalled about one and a quarter million pounds. These boats also made fair catches of

• C. G. Holland, state commercial fisheries commissioner, reported in Goldsboro this week on the fish-eries picture of January, February and March. The commissioner gave his report to members of the Board of Conservation and De-velopment. The overlaw of the cull The overlaw of the cull the sease of th The production of oysters during this past season was about 48,000 tubs less than in 1956-57. This was due to bad weather and a more strict enforcement of the cull law.

The oyster producing waters of our state had the best catch of spat in many years. If these baby oysters live, we should have a good harvest in two years. The oyster seed planting program is about finished for this year.

We are still carrying on a strict law enforcement program and for this reason more boats have been ed than in any other like lice period.

Lions Club Gets Double The state also made contacts and

accured the services of a large deep sea clam dredger, the Monte Carlo. Under the direction of Dr. A. F. Chestnut, this boat worked approximately 15 days in our ocean waters trying to find clams in com Morrilton, Ark. (AP)-The Mor-rilton Lions Culb got a double blessing when club president Thomas E. Massey called on Bob waters trying to find clams in com-mercial quantities. Allison to say grace at a luncheor

mercial quantities. Mr. Saunders, the director of our department, upon request from all of our oyster producing counties, extended the oyster season through March 10, at sundown. Marson 10 say grace at a intention meeting. One voice that responded was that of Bob Allison of the Morril-ton club and the other that of Bob Allison, a visitor from the Conway club.

This action was justified on the grounds that the commercial fishermen had one of the worst winters fishing experienced in winters insing experienced in many years. Weeks at a time they were unable to work in our inland waters. Many boats were frozen in and the pound net and set net fishermen were damaged an estimated one and a half million dol-lars; too, the weather made the season late on rock, shad and herring. Due to the fact that these fish

were late in coming in our sounds Friday is always the biggest day for the consumption of fish.

The deep sea trawlers during this quarter had one of their best sea-sons. Of course, the weather had its effect on this type of fishing also, but when the boats were able to work they made good catches. One of the largest catches of croakers ever made in one day in our waters was landed during this Directing the play is R. K. Mon-ague, Newport postmaster.

Mitchell Village 3 MILES WEST OF MOREHEAD CITY, N. C., ON HIGHWAY 70

"Now Is The Time To Build"

*1. Come Out to Mitchell Village and Look Around. Many improvements have been made - new streets have been put in - more streets are being readied for paving - shopping center area has been graded a general face lifting has taken place.

- 2. Pick Out the Building Site You Want. Over 200 beautiful building sites to choose from. Large roomy lots with good drainage arranged for the future.
- 3. Ownership of the Lot Solves Most Building Problems. Terms may be arranged with up to 18 months to pay for that lot of your choice. After you own the lot getting a building loan is a minor problem.
- 4. We Will Assist You with Your Building Program. Our staff will be glad to assist in getting your house plans, financing informa-tion, builders and other problems that arrive.

5. Choice Building Sites. Mitchell Village includes highway frontage along U.S. Highway 70 and N.C. 24 an excellent location for tourist court and many types of businesses to serve this modern community.
