Clerk Makes Street Department Report At Board Meeting

Town clerk Dan Walker presented the street department report at the Beaufort town board meeting last Monday night. Mr. Walker said, "For months we have been bothered with a sink which continues to reappear at the N.W. corner of Pollock at Ann. It was discovered that the power pole was touching a sewer line and the swaying of the pole moved the pipe joints enough to allow seepage. Carolina Power and Light Company has relocated this pole which we feel will correct this condition."

The clerk reported that the street department had cleaned 600 feet of ditches, repaired 22 sanitary laterals, made four concrete street markers, made 1,800 garbage pickups, and put in 300 feet of new six-inch sewer lines on Cedar Street. This work was done with one foreman, five men and one extra man for three days.

Dog Catching Service Serves 50 Communities

Branchburg, N. J. (AP)—A dog's best friend in over 50 communities around here is the Contented Warden Service.

Started six years ago by David Condit and Michael Kredovski, who were fed up with the dog food business, Contented offers dog warden service at a fraction of the cost of retaining a full-time municipal dog catcher. And Contented dogs have it soft.

They are kept until claimed by an owner or an interested dog lover and have free lodging and medical service while they wait.
