**Sears' New Catalog Out Now**

The biggest catalog sent out by Sears, Roebuck and Co. in the past 37 years is now being distributed to customers in the Carteret County area. Thurlow Wheaton, Sears catalog sales office manager, said this week. Containing 1,526 pages, the new Sears catalog lists more than 135,000 items for the home and family with more than 20 per cent of the products shown in full color.

Prices in the new catalog show an average decrease of 1.5 per cent from last spring, Mr. Wheaton said. Wearing apparel, modernization, repair and housewares items and automotive, recreation and farm needs are among the merchandise items showing major price reductions.

Many new merchandise items are listed for the first time. Among the new products are a free-standing, self-installed fireplace; a new-style line of bicycles with dual headlights; a complete line of parts and accessories for imported and apris cars, and ceramic floor tile which can be installed by the homeowner.

The space age and growing interest in satellites is recognized by the new Sears catalog with a full line of terrestrial and celestial high powered telescopes, Mr. Wheaton concluded.
