The Rev. A. G. Harris Jr. ... to leave Morehead

first sermon there as pastor will not be delivered until Sept. 21. The Emory congregation numbers about 650.

The Rev. Mr. Harris and his family expect to move to Atlanta, Aug. 28.

The Rev. Mr. Harris came to Morehead City three and a half years ago. During his pastorate, the First Presbyterian Church launched a major building program and moved from the white frame sanctuary at 20th and Arendell Streets into the fellowship hall at the new location on Arendell Street between 16th and 17th Streets.

Why Telephone Exchange Names Are as They Are

How are telephone office names chosen in the new uniform telephone plan designated to service the entire nation? This question was asked of L. A. Daniels, local manager for Carolina Telephone and Telegraph Co., following the recent announcement that all telephone numbers in Morehead City and Beaufort will be changed Sunday.

The Morehead City telephone exchange will operate under the name "PARK 6" beginning Sunday. The Beaufort exchange will be named "PARK 8".

There are several important factors governing each choice, Mr. Daniels stated. They are:

1. Can the name be pronounced easily?
2. Is it easy to spell?
3. Is it a name that generally will be familiar to all sections of the United States?

Because of the increasing use of long distance service, it is essential not to use names that are purely local or regional in character. Such names may not be well known nationally and frequently are hard to pronounce or difficult to spell. Central office names are selected from a list of suitable names which are known from experience to be reasonably free of difficulties in pronunciation and spelling.

The adoption of a uniform system of telephone numbering throughout the nation will result in fewer errors and faster long distance service for all our customers, Mr. Daniels stated. This uniform system is called the two-five plan because of its make-up which consists of two letters followed by five numbers.

Pet Corner

Dear Editor: This is just a note of thanks for running a notice of our little dog in your Pet Corner. Several families either called or came by to see our dog and through these people I realized how much I really loved our little dog and how much I wanted to keep her. Not until we almost lost our little "Lady Bug" did I realize it would be impossible to give her up, and we have decided to keep her.

So, thank you again for helping us to find the right home for our little dog.

Sincerely,
Kay Frytherch
