### Oil Dealer Will Give Scoreboard

Lewis Russell, football field chairman for the Morehead City Jaycees, announced Monday night at the meeting at the Blue Ribbon Restaurant that a Morehead City oil dealer will erect the scoreboard at the field for the 1958-59 season.

Jerry Willis, Jaycee president, is contributing the ticket booth. Dr. Russell Outlaw, chairman of the Jaycee committee for equipping the city park, reported that he visited the park Sunday and all the facilities—picnic tables and boat ramp—were in use.

Marion Mills reported that Chuck and Linda Lewis, trick golf shot artists, will give a demonstration at the Morehead City Golf and Country Club Aug. 23. Proceeds will go to the Babe Zaharias cancer fund.

L. G. Dunn, Donald Davis and president Willis reported on the state Jaycee business session which they attended at Wilmington Sunday.

Letters were read from Betty Lane Evans, Miss North Carolina, thanking Jaycees for the week's vacation here, and from Roy Hardee, thanking Jaycees for their help in making TV films of Miss Evans.

## Beaufort Grid Prospects Will Report Today

Beaufort high school boys out for football will report at 10 this morning at the football field. Coach V. M. Morrison asks them to bring shoes and shorts.

In addition to this morning's practice, the squad will report again at 6 tonight and at 6 tomorrow night. After that, permanent practice sessions will be set.

Coach Morrison reported that Butch Hassell, one of last year's star players, will be laid up for six weeks. He cut a gash in his heel while in a boat several days ago.

Thirty-five prospective players attended a wienie roast given for them Wednesday night by the Beaufort Jaycees football sponsors. Coast Morrison expressed the hope that more than 35 will turn up for the first practice (rain or shine) this morning.

## Club Regatta Starts Tomorrow

Wrightsville Beach — The Carolina Yacht Club will hold its annual sailing regatta Saturday and Sunday, with two races scheduled for Saturday at 10:30 and 3 and a final race scheduled for Sunday at 2:30. At least 35 boats are expected to participate.

Entries are anticipated in the Optimist Pram class, the Sailfish class, the Moth class, the Comet class, and the Lightning class. Boats entering in which there are less than three of a class will sail in a handicap class, according to Bill Head, race committee chairman.

Seven such boats, including a Snipe, two Ravens, a Catamaran, a Y-Flyer, a Jet-14, and an E-Scow have already announced plans to race.

Skippers throughout the state and the South Atlantic yacht racing circuit have been invited to enter.

Registration will be held at the Carolina Yacht Club Saturday at 9:30 a.m.

## Waterfowl Study Under Way in Bay, Sound Waters

The study of the availability of food for wild waterfowl along the North Carolina coast, which is an outgrowth of a debate on hunting regulations during the 1957 general assembly, has been undertaken in the Currituck Sound-Back Bay area.

According to the North Carolina Wildlife Resources Commission, a three-man team of aquatic biologists representing this state, Virginia and the Fish and Wildlife Service has completed three months of study of vegetation, fish and water conditions in Currituck Sound and Back Bay.

The study, to span a three-year period, is intended to determine factors underlying waterfowl food plant abundance, effect of salinity and other factors affecting waterfowl and fish populations.

## Richard McClain Heads Morehead City Golf Club

Richard M. McClain was elected president of the Morehead City Golf and Country Club at a meeting of the board of directors Tuesday noon at the Rex Restaurant.

Gene Smith was elected vice-president. Building the clubhouse was discussed. Clubhouse committees are to be appointed at a later date.

Club members will attend a buffet supper and dance Saturday, Aug. 30.

## On a Thread of Sentiment

Jefferson, Wis. (AP)—The old town fire bell—unused since the city went modern with a telephone hookup to summon volunteer firemen—has been left hanging on a thread of sentiment. City Council considered tearing down the bell and belfry and donating it to the fire department but tabled the idea when one alderman said he felt the bell had sentiment for old time residents and ought not to be disturbed.

Irving Berlin, noted composer of popular songs, was born in 1888.

## Writer Tells Why Food Prices Are Higher Now

Lafayette, Ind. (AP)—Purdue University economists have drafted an explanation for housewives who can't understand why food prices have gone up while the farmer's share of the retail food dollar has gone down.

Jim Stevenson and Clara Wendt, consumer education specialists, report it is true that the farmer now gets only about 40 cents of the food dollar, compared with 53 cents in 1945.

But the difference, they assert, is not due to excessive profits by any greedy middleman. Profits of food marketing firms have been traditionally low, compared to the sales. These "middleman" profits amounted to only 3 per cent of sales, after taxes, in 1955.

The Purdue specialists listed these as some of the reasons for higher prices to the housewife:

Rates for shipping agricultural products by railroad have increased by 75 per cent in the last 10 years. Truck rates generally have followed rail rates.

The cost of labor for marketing agricultural products was 273 per cent higher in 1956 than in 1940.

Innumerable "built-in" services have been added to the food line — cleaning, trimming, shelling, mixing, pre-cooking and fancy packaging—all adding to the cost.

The Purdue experts say Mrs. America evidently is willing to pay for more attractive, ready-to-cook food. She spent 25 per cent of her disposable income on food in 1956. If she had been willing to accept food of the type and quality of 20 years ago, she could have bought it for 16 per cent of her income.
