Growers May Request tree Seedlings Now

Applications for forest tree seedlings grown at the four state-owned nurseries for 1958-59 planting are now being received.

Mr. Griffiths, who is in charge of forest management and nurseries for the Department of Conservation and Development's forestry division, said indications are that, with weather and other factors being favorable, seedling production will reach the \$5 million mark in 1958-59.

Sales of forest tree seedlings by the C&D Department's forestry division during the 1957-58 season exceeded \$3 million.

County farm agents and federal departments engaged in promoting greater and wiser use of state lands "have cooperated wonderfully with us in getting more people in North Carolina to plant trees to supply the growing needs for pulpwood and timber," Griffiths said.

Applications for seedlings, which are sold at production cost, should be in the hands of State Forester Fred Claridge as soon as possible in order to assure delivery, Mr. Griffiths said.

Forms on which to order seedlings may be secured from the state forester's office in Raleigh, county and district foresters, county farm agents, and such federal agencies as the Soil Conservation Service and the local Agricultural Stabilization Committee office.

Morehead City: Master Joseph Bryant, Beaufort.

Tuesday, Mr. Ernest Wallace, Merrimon; Miss Grizzella Godette, Havelock.

Wednesday, Mrs. Sally Simmons, Beaufort.

At the current World's Fair in Brussels, the symbol chosen to signify mankind's achievements and hopes is the Atomium, a structure representing nine atoms in a crystal of steel.

Game Wardens Save Car By Calling Railroad
Baraboo, Wis. (AP)—A flustered motorist at Devils Lake State Park got out of a tough spot recently when two game wardens came along in a telephone-equipped car. The motorist was stuck crossways on a park railroad track.
A quick call to the nearest railroad station was just in time to flag down a freight train.
