

Gerald Jones Declared Ineligible for 1958 Season

Eagle Chances for Title Fade with Loss of Star

Morehead City's chances of repeating as AA-C football champs this year got a severe jolt Saturday when halfback Gerald Jones was declared ineligible to play this year. According to principal Lenwood Lee, Jones, a rising senior, has been found to be over-age for participation in high school athletic contests.

Jones has been selected by his teammates as the outstanding player on the Eagle squad for the past two seasons. In his two years as first string halfback, he has scored 244 points.

The classy scoring ace was all-conference in both his sophomore and junior years. Last year, as a junior, he was mentioned for all-state honors.

Coach Norman Clark declares that Jones is one of the most gifted backs he has ever coached. "Jones was a great defensive man as well as a hard runner," the coach said. "It seemed like he was in on half the tackles that were made."

Outstanding Run
Jones' run for 75 yards and a touchdown against Massey Hill in the state play-offs was pointed out by the coach as being the best individual effort he had ever seen.

"I played on the same high school team with Glen Davis, twice All-American, and I never saw him make a run that was as great as the one Gerald made against Massey Hill," Coach Clark stated. There seems to be no chance for a reversal of the ruling.

Rule Stated

The rule states that no player may be approved whose birthdate was before April 1, 1939. Jones was born Nov. 25, 1938. A player who reaches his 20th birthday prior to April 1 of any school year is not allowed to play during that year according to NC High School Athletic Association and State Department of Public Instruction Regulations.

No exceptions have been or will be permitted according to Frank Mock of Kinston, president of the NCHSAA; L. J. Perry, executive secretary of the NCHSAA; and Dr. J. L. Pierce, consultant in health and physical education of the State Department of Public Instruction in Raleigh.

All of these officials have been appealed to by Principal Lee in an attempt to secure a special ruling as a hardship case since Jones' failure in grades 2 and 3 some eight years ago accounts for the fact of his being 20 years of age before graduation. His high school record has been good and every other eligibility requirement is fully met.

With Jones out of the picture, Coach Clark will have to go along with an inexperienced player at one of the halfback positions.

The Eagles were expecting to have a great backfield with Jones, James Guthrie, Freddie Oglesby and Jackie McQueen in starting roles.

Tube Broken

Beaufort's mosquito spraying machine is in Raleigh for repairs. Dan Walker, town clerk, said "a tube" on it was broken. It is expected to be back in use soon.

Knights Begin Grid Training

By JAMES PETTEWAY

The Queen Street Knights began their football training program last week with 30 players reporting for practice. Coach S. H. Barrow says that he has never seen a group of boys so enthusiastic and eager to become great football players.

The coach has a problem in filling the positions of nine players who graduated last year. Several of last year's substitutes, however, have grown in the past year and with the experience they gained last season are ready to step up to starting positions.

The Knights, runners-up to Chapel Hill for the eastern AA championship for the past two years, are eager to take the title this year. Coach Barrow and other members of the coaching staff are working hard with the players in hopes that they will round into one of the best teams in the history of the school.

Accidents

(Continued from Page 1)

On the left side of the highway, went over on the right and went into the ditch there. Charges are pending.

No. 6

Minor damage was caused to a 1952 Buick at 9:40 Sunday night when its right front tire blew out and it ran into the ditch on highway 101 near the intersection of the road leading to the Wright farm.

Driving the car was Edward Stewart Gibbs, Morehead City. No one was hurt. Patrolman Smith investigated.

No. 7

A 1953 Nash driven by Alonzo Salter, Davis, hit the ditch on highway 70 at 7:30 a.m. yesterday to avoid a collision with a pulpwood truck.

Patrolman Smith said that the truck, headed west on the highway three miles east of Beaufort had stopped while the driver, Archie Lowry, route 1 Pembroke, talked to his boss who was headed in the opposite direction in another car.

Salter said he couldn't stop and tried to pass the truck on the right. At that time the truck pulled to the right to let him pass and the Nash went into the ditch. Damage to it was estimated at \$35.

A Friday accident and another Sunday accident are reported elsewhere in today's paper.

Air Base Funds Allotted
Before adjourning over the weekend, Congress approved a military appropriations bill including \$1,067,000 for new buildings at Cherry Point Marine air base.

LIFETIME Hospitalization Insurance

FabFishermen Accepted For Membership in IGFA

Official notification has just been received by the secretary, Bob Simpson, that the Fabulous Fishermen organization has been accepted as a Member Club in the International Game Fish Association (headquarters recently moved from New York to Miami). Executives in the Association include such famous personages as Ernest Hemingway and Philip Wylie, Michael Lerner and Gene Tunney.

Membership in IGFA does not affect the rules and weighing in of record fish for the Fabulous Fishermen's 1958 trophy contest, rules for which have already been set up. However, entries for world records must conform to the following IGFA requirements, some of which are listed briefly:

1. No claims without line sample will be considered.
2. No fish weighed only at sea will be accepted.
3. Fish must be weighed by an official weighmaster (Bob Simpson has been appointed by the Fabulous Fishermen for weighing IGFA entries).
4. At the time of weighing, the actual tackle used must be exhibited to the weighmaster.
5. Fish caught by casting or shore fishing are eligible if the angler complies with IGFA rules.
6. Metal lines are prohibited.
7. No more than two single hooks may be attached to the leader at any one time; the use of dangling or swinging hook is prohibited; the same rule applies to plugs - not more than two single hooks.
8. A detachable gaff not exceeding 8 feet in length, with rope or wire attached not exceeding 30 feet and with only a single, fixed prong, is permitted.
9. The angler must hook, fight and bring the fish to gaff unaided by any other person.
10. Harness may be attached to reel or rod and a rod belt may be used, but resting the rod on the gunwale of the boat while playing the fish is prohibited.
11. A catch may be disqualified by a broken rod, handling, shooting, harpooning or lancing a fish at any stage.

Complete rules of the IGFA will be posted in the windows of Bob Simpson's studio at 411 Evans Street, as the number of copies of the rule book is limited.

Trick Golf Exhibition Attracts Good Crowd

The Chuck and Linda Lewis trick golf exhibition at the Morehead City Country Club Saturday drew a good crowd, including golf fans and visitors for the club open house which was conducted the same day.

The show, sponsored locally by the Morehead City Jaycees, is designed to raise money for the Babe Zaharias Cancer Fund. Chairman of the project, Jaycee Marion Mills, reported that \$73.50 was taken in.

Edmond ("according to Hoyle") Hoyle, who wrote the first book on card games back in 1742, lived to the age of 97.

Teen-Age League Official Gives Summary of First Season's Work

By FRANK CASSIANO

The Morehead City Teen-Age League's first season has been a successful one from the standpoint of boy participation and community interest. These lads have come a long way since they first fell out for practice and selection to the teams.

Their conduct both off and on the field reflects good leadership on the part of their managers, Joseph Nolan of the Lions and R. C. Harrell of the Rotarians.

It is hoped that the coming season will field at least two more teams, and that adult interest in both the spectator field and that of supervision and assistance will be increased.

League Has Party
The boys enthusiastically endorsed participation in the next season at the closing get together at the Little League Field where the mothers of several of the players served hot dogs, ice cream and soft drinks.

The season is ended, and if you did not see at least one of the games, you missed a great deal. Next year will be better than ever, though, and we have a feeling that you'll join the boys for an evening's pleasure from time to time.

The Teen-Age All-Stars played their last game of the season last Sunday afternoon. They played host to the Camp Morehead Campers, coached by Purcell Jones. The game was called in the top of the sixth due to rain.

Each team had collected five

Sailfish Caught

Gilbert Cooper, Asheboro, recently caught this 8-foot sailfish from Capt. Claude Brown's Miss Bell out of Marshallberg. The big sail weighed 66 pounds.

Drivers are Cited Following Accident

Robert L. Thompson, Raleigh, and Aubrey B. Burnette, Dunn, were given citations to appear in Morehead City recorder's court after they were involved in an accident at 10th and Evans Streets at 5:35 p.m. Friday.

Patrolman E. D. O'Neal Jr. cited Thompson for driving with an expired driver's license. Burnette was charged with running a stop sign.

The accident occurred as Thompson was driving west on Evans Street. Burnette allegedly ran a stop sign and smashed into the right side of Thompson's 1955 Pontiac, causing about \$300 damage. Damage to Burnette's 1954 Buick was estimated at \$25 to the front bumper.

Appearing in Sport Illustrated, which came out yesterday, is a picture of the blue marlin caught by Mrs. Vernon Rudolph off Morehead City in June. Mrs. Rudolph is from Winston-Salem. She and her husband were fishing aboard Capt. Hubert Fulcher's Blue Water. The picture was taken by Bob Simpson of Fabulous Fishermen.

Fishermen Land Two New Record Fish in Contest

By BOB SIMPSON

The fishing outlook continues to be more hopeful, with some good catches of kings reported, and two long-standing records broken. Friday Mary Z came in with 16 kings; Dolphin III, 14; Sea Raven, 19; and Gulf Breeze, 18.

Two records: a 47 1/2-pound grouper by Fred Wilkins of Durham, aboard Danco, broke the 33-pound record held by another Danco angler. A 41-pound 3-ounce king mackerel by George K. Shield, Lynchburg, Va., aboard Bunny Too, upset the 36-pound record.

The re-appearance of blue marlin in numbers has put the gleam back in the eyes of many skippers: two were hooked Friday aboard Dolphin, 4 more hooked Saturday; rough seas Sunday hindered marlin fishing attempts.

Blues are a favorite now from the ocean piers, with plenty of spots, sea mullet, pompano, a fair start on flounder and trout. On the sound side, sheephead, gray trout and black drum at the bridges, croakers and spots for the bottom fisherman, and flounder for the drift fisherman off the Port and Ft. Macon. Headboat fishermen continue to make excellent catches of sea bass and porgies, plus some red snappers.

The Fabulous Fishermen's Fishy Tale contest, initiated last year during the Centennial, will get under way Sept. 1 and end Nov. 1, giving ample time for all yarn spinners to recall or dream up tall stories.

First prize is a Garcia Abu spinning reel with glass rod; the reel was sent to the Fabulous Fishermen by Dick Wolff of the Garcia Company, and the rod by Atlantic Tackle Company.

Not to be confused with tall stories are these true tales of fishermen's luck: a California fisherman ran out of worms, had no luck with processed cheese, finally tried green trading stamps, caught a trout, 7 bass and 2 bluegills.

Then there was the unemployed Baltimore longshoreman who caught Diamond Jim III in the Chesapeake; the tagged striped bass, released in the Bay as part of a brewery promotion scheme, was worth \$25,000; one time that it paid well to be unemployed.

The latest word from Henry Holt at Rainbow Inn is that his newly-acquired inshore boat, named Laura, for Mrs. Holt, will be ready for fishing trips by the weekend. Some good inshore catches were reported during the past weekend, with more than the usual number of Spanish mackerel.

Local fishermen: Purcell Jones, assistant director of Camp Morehead, surf fishing with G. S. and Herbert Best of Warsaw, caught 349 blues, 1/4 to one pound each, and 18 flounder; they were using live bait, mostly minnows.

Rose Daniels, Beth Taylor, Renee Kemp, Helen Carlton and Bobbie Oglesby caught 94 mixed fish aboard Jack Piper VII. T. C. Hyman Jr., aboard Owen Dail's Little Snapper, caught 25 Spanish mackerel.

Mike Parker caught a 16-pound amberjack, 32 sea bass, 3 porgies and 2 triggers from Carolina Queen. Mr. and Mrs. Bill Arndt reported 17 blues (and still fishing when the report was made) from Sportsman Pier.

Elks Lodge Votes \$100 Gifts To High School Grid Teams

The Morehead City - Beaufort Elks lodge has voted to give both the Morehead City and Beaufort football teams gifts of \$100. The Elks say they want to get the ball rolling and hope that other civic organizations join in supporting the two teams.

The Elks are always generous in helping support youth activities. The lodge sponsors Little League teams in both towns and is a regular contributor to Boy Scout drives.

Last year the Elks sponsored a party for the members of all basketball players, boy and girl, from both schools, along with their coaches and school officials.

This is the first year that the Elks have made cash gifts to the football teams. Members of the lodge brought the matter up at a business meeting, saying that both teams needed financial support this year.

The entire membership went along with the proposed gifts and gave the lodge treasurer authority to make out the checks for presentation this week.

Generators Obtained

Dan Walker, Beaufort town clerk, announced Saturday that the town has received two more generators through the surplus property division, Raleigh. The town already has one generator. After they are reconditioned, they will be available for generating power in case of an emergency.

Too Hot? Remember This . . .

John Parker, Morehead City, took this picture of Bogue Sound during the first week of January this year. Mr. Parker was standing on the Atlantic Beach bridge facing east (Morehead City skyline can be seen over bridge fenders). In January the temperature dropped to 22.

Weather over the weekend was an entirely different picture from the one above. Showers Saturday night and Sunday cooled things off temporarily but made the weather more humid than ever when the sun came out again.

The wind direction has seemed to make little difference in the temperature. The wind has shifted from northeast to east to southwest with the weather consistently hot.

Maximum and minimum temperatures and wind direction follow:

	Max.	Min.	Wind
Thursday	91	74	NE
Friday	91	74	NE
Saturday	92	76	E
Sunday	89	75	SW

Water

(Continued from Page 1)

organization, or a public utility, they take those grievances to the newspaper if they find they can get no results by other means.

Newspapers do not, irresponsibly, print anything that comes to them. The newspaper that prints, without truth to back up what it prints, does not stay in business long.

Most people in Beaufort feel—rightly or wrongly—that the water company has dilly-dallied in giving them better water.

Agreement on Repairs
Mr. Williams further contends that his company has agreed to pay to repair any hole the water company makes in the streets. He said the agreement with the town is that the town shall make the repairs and send the water company a bill. Whether the hole has been repaired or not, the water company will pay it.

Mr. Williams added, "I have yet to get the first bill."
He said his company pays taxes just as any other utility. The taxes levied against the water company in Beaufort this year are approximately \$2,000, according to Dan Walker, town clerk; in Morehead City, \$3,176.82.

The water company manager was invited by THE NEWS-TIMES to write his full story on the water situation in Beaufort and his story would be published. Mr. Williams agreed to do so soon. He said he didn't know exactly when.

GOT A SUMMER COLD TAKE 666 for symptomatic RELIEF

Chuck Hill Pitches No-Hit Game in Beaufort League

Chuck Hill pitched a no-hitter against the Cubs Friday afternoon while his Bobcat teammates were pounding three Cub hurlers for 13 hits and 22 runs. The Cubs scored two runs of their own, one in the first and one in the fourth.

The Bobcats put the game on ice in the first inning as they scored four runs off losing pitcher Jeffrey Salter. Alton Hill gave up five runs in the second inning, five in the third and two in the fourth before being lifted in favor of Bill Morgan.

Morgan held the Bobcats scoreless in the fifth and sixth innings but he allowed six tallies in the seventh.
Ray Glover and Chuck Hill were the leading batters for the Bobcats. Each had three hits. Cole had two and Teel, Kirk, Hassell, Monroe and Whitehurst had one each.

The victory strengthened the Bobcats hold on first place. They have now won five games and lost three. The standings follow:

	Won	Lost	Pct.
Bobcats	5	3	.625
Athletics	4	4	.500
Cubs	3	5	.375

Town Board

(Continued from Page 1)

and cartons out for the trash men to pick up. The firms will be asked to knock the crates and cartons down so that trash crewmen need not waste their time doing it.

Jasper Bell, commissioner on buildings and grounds, reported on the new municipal park. He said the park is in use, but one trash can has already been stolen. He suggested that two street lights be placed in the park.

Commissioner Hall was appointed to see George Stovall, power company manager, relative to the lights.

The board also gave permission to the recreation commission to put the soda fountain and an old heating plant at the recreation building up for sale.

Commissioner Gibbie Sanderson, in charge of streets, reported that Bay Street from 14th west to W. S. King School and then south on 15th Street, has been hard-surfaced.

George (Sonny) and Ward Ballou, who have acquired the concession stand at the port, were granted a permit to sell beer for off-premises consumption.

The board approved sending a check for \$700 immediately to Kerner Guthrie for a lot the town has purchased from Mr. Guthrie.

Dick Burton Jr., Rocky Mount, was given permission to contact town employees relative to their joining a group insurance plan on accidents.

Attending the meeting, in addition to those mentioned, were Commissioner S. C. Holloway and John Lashley, clerk.

Workman Hurt

Andrew J. Hooten fell off a tier of hogsheads in a warehouse at the state port yesterday morning and was taken to the Morehead City Hospital in the Dill ambulance.

Your car deserves this all-temperature motor oil

HAVOLINE SPECIAL 10W-30

because Havoline Special 10W-30 is an all-temperature oil. It's light for quick cold-weather starts, and tough-bodied to stand up under sizzling engine heat.

It does more than lubricate. This great oil, developed by Texaco, wear-proofs your engine, gives it longer life. Also more power and greater gasoline mileage! To prove these claims to your own satisfaction, try Havoline Special 10W-30.

Safety Service, too. Come in today—as members of Texaco's 48-state dealer family, we're trained to give you better service—always with an eye to your safety.
