

Morehead Theatre to Show Two Movies During Week

Two movies are scheduled for presentation at the Morehead Theatre next week. A Certain Smile will play Sunday through Wednesday and Adam and Eve will run Thursday through Saturday.

Based on Francoise Sagan's novel about a young French student who falls in love with two men, A Certain Smile was filmed on location in Paris and the French Riviera in color by De Luxe.

Christiane Martel and Carlos Baena co-star in Adam and Eve. At the City Theatre an old favorite will be revived Sunday through Tuesday.

Andy Hardy Comes Home brings Mickey Rooney back in his famed characterization of Andy Hardy, which he made one of the screen's beloved characters. In the new film he is seen as a grown-up Andy, with a wife (Patricia Breslin) and two offspring, a little girl (Gina Gillespie) and a son, Andy Jr., with the latter played by Mickey's own son, 8-year-old Teddy Rooney, one of whose big scenes in the picture is a heart-to-heart talk with his dad.

Repeating the roles they created in the original Hardy Family pictures are Fay Holden as Ma Hardy, Sara Haden as Aunt Millie, and Cecilia Parker as Andy's sister, Marion. The latter's son is played by Johnny Weismuller Jr.

Paul Newman stars as Billy the Kid in The Left Handed Gun, playing Wednesday and Thursday at the City. The movie traces the entire story of the famous gunman from his first killing to his death.

A twin bill is scheduled for next Friday and Saturday at the City. Quantrell's Raiders and Hell's Crossroads are the movies to be shown.

Quantrell's Raiders, filmed beautifully in CinemaScope and color by DeLuxe, recreates the raid on the Union arsenal at Lawrence, Kansas, by Quantrell and his fanatic followers.

Hell's Crossroads is the dramatic story of Vic Rodell (Stephen McNally), who served in the Civil War with Jesse James (Henry Brandon) and is now, in 1874, riding with the James boys and their outlaw gang.

Antibiotic Drug Proves Conqueror of Tick Fever

If you get outdoors much, the chances are good that occasionally you will find on your skin a tenacious little insect known as the tick.

And if a tick gets on you, there is a slim chance that it will infect you with a rare disease known as Rocky Mountain spotted fever or "tick fever."

Ten years ago there was about one chance in three that the disease would be fatal. No cure was known. Victims were hospitalized and made as comfortable as possible, to sweat it out and hope.

Today it's Different. Today, thanks to a drug and some North Carolinians who helped to prove its effectiveness, the family doctor would treat you in your home and there would be little fear of fatality.

In the summer of 1948 three Tar Heels were taken to NC Baptist Hospital at Winston-Salem with the then dreaded disease. They were farmer Boss Walsh, 37, of Wilkes County; Eddie Butler, 4, of Leaksville; and Louise Moose, 8, of Rowan County.

A team of doctors at the hospital's Bowman Gray School of Medicine was on a project supported by the US Public Health Service. The object: trials in the treatment of spotted fever with aureomycin chlortetracycline, an antibiotic drug which had just been discovered by American Cyanamid's Lederle Laboratories.

The three patients, all acutely ill on admission, were treated with the drug and cured.

The medical team was headed by Dr. George T. Harrell, a long-time spotted fever researcher who was then head of Bowman Gray's internal medicine department and is now dean of the University of Florida's medical school at Gainesville.

The team reported its findings in the Southern Medical Journal, citing aureomycin as "a very effective drug in the treatment of Rocky Mountain spotted fever."

The three patients were not aware they were helping to develop the "broad spectrum" antibiotics which are now used to combat a wide variety of disease-

breeding microbes. They never knew, until a laboratory representative recently located them for a 10-years-later report, that they played key roles in one of medical history's important chapters.

Where They Are Now

Eddie Butler is now an honor student at Leaksville's Tri-City Junior High School, a 14-year-old of above-average athletic ability who holds a high ranking in Boy Scouting. Louise Moose has become Mrs. Louise Moose Ellis, 18, mother of a six-month-old daughter and housewife of a Navy electrician at Suffolk, Virginia.

Boss Walsh is, at 47, still a farmer in the Purlear community of Wilkes County. Like the other two, he is in good health and still shudders a little at the sight of a tick.

A wonder drug will cure the disease now, but victims still must undergo days of headache, backache, fever, nausea and a rash. Remembering the advice which a physician gave him a decade ago, Walsh suggests that when you find a tick on your skin:

- (1) Do not mash it. Lift it off gently, if it is unattached.
- (2) If it is attached, do not pull it from your skin by force. If there is alcohol available, pour it on the insect and it will turn loose. If no alcohol is available, a thin knife blade slid UNDERNEATH the tick may do it.

Welfare Superintendent Addresses Doctors

Miss Georgie Hughes, superintendent of the county welfare department led a discussion on care of welfare patients at a meeting of the County Medical Association Monday night. The doctors met at the hospital. There were 17 doctors present.

Miss Hughes explained how her department accounts for expenditures and how the department is limited by federal and state restrictions. The failure of the welfare department to pay the total expenses of indigent hospital patients was commented on by the speaker.

Three New Teachers Join Newport Faculty

By JUDY SLAGHTER

Hi everybody. Well, another school year has rolled around, and here we are with all the happenings from Newport, in the Hawk's Corner. I hope you enjoy reading all about what is going on at NHS.

We are very glad to welcome three new teachers to the high school faculty. They are Frank Gillikin, tenth grade; William Powell, ninth grade; and D. B. Schafman, ninth grade. We sincerely hope these teachers enjoy their year here.

Also back from last year on the high school faculty are Betty Mizelle, eleventh grade; and Margaret Mann, twelfth grade.

One of the first things to be done at the beginning of the school year is to elect class officers. This year

for the twelfth grade, they are president, Johnny Mason; vice-president, Peggy Wallace; secretary, Signa Roberts; treasurer, Bonnie Dale Garner; and reporter, Judy Slaughter. For Mr. D. B. Schafman's ninth grade they are president, Donnie Aycock; vice-president, Johnny Bell; secretary, Ann Gregory; treasurer, Geneva Howard.

From the ninth, tenth, and eleventh grades the officers have not been turned in as yet. As soon as they have they will be put in the Hawk's Corner.

The seniors are busy electing the annual staff for this year. Of course we think we will have the best annual yet. As soon as the staff has been elected they will be announced also.

New State Movie Available Now

The new Variety Vacationland movie, which was widely shown to television and many other audiences as a feature of "See North Carolina Month", is now available for distribution throughout the state, and may be obtained free of charge from the State Advertising Division, Department of Conservation and Development, Raleigh.

The 16mm film in full color runs 14 1/2 minutes. It is an all North Carolina production. Hugh Morton directed production and did much of the photography, covering the state from the Great Smokies to the coast; the North Carolina Symphony Orchestra did the background music, and Double S Studio of Charlotte handled technical production.

There are almost as many species of native trees in the Great Smoky Mountains National Park (North Carolina and Tennessee) as there are in all of Europe.

Boat Works Applies For Building Permit

M. W. Willis and Sons Boat Works, Marshallberg, has applied to district engineer H. C. Rowland Jr. for a permit for an existing pier and railways in Sleepy Creek. Three Finish Training

98 County Scouters Attend Boy Scout Summer Camps

Carteret District Scouters had the best percentage gain in summer camp attendance of any district in the East Carolina Council for 1958. District Scout executive Rudolph Alexander reports that 95 campers and three leaders attended summer camps.

Troop 130, Morehead City, had the most campers, 26. Troop 201,

Beaufort, had 22. Other troops represented and the number of campers follow: Troop 407, Stacy, 10; Troop 371, Wildwood, 8; Troop 228, Marshallberg, 9; Troop 51, Beaufort, 5; Troop 334, Morehead City, 8; and Troop 61, Newport, 7.

Leaders who attended were J. T. Lewis, Scoutmaster of Troop 407; R. A. Sellers, Scoutmaster of Troop 228; and Roy Vickery, assistant Scoutmaster of Troop 201.
