## Fund-Raising Campaign Begun by Junior Class

By JAYNE FERGUSON

At 8:30 Monday morning, Sept. 8, regular classes started at Morehead High. There are 432 students enrolled this semester.

We have nine new teachers, Mrs. Hopkins, Miss Lewis, Mr. Richardson, Mr. Mendenhall, Mr. Hill-drup, Miss Underhill, and Mr. Davis. We welcome them and hope they will be as happy here as we are.

Orchids to the juniors for excellent work in the magazine drive! Their goal is \$1,200 and they have collected \$134.63 since Monday. The drive lasts till the 29th. The money is for the junior-senior banquet and prom.

This Friday night we play host to Swansboro. It will be our third game. Have you seen our players

in action? If not, plan to attend the game. They are really excellent this year and there's one this reporter thinks is especially good.

Have you seen and heard the band lately? They can be seen almost every day marching down Evans Street.

We have four new majorettes, Linda Lockhart, Beth Mayo, Lorraine Hacker, and Bettie Davis. Returning from last year are Judie Cooper, Ann Sanderson, Barbara Guthrie and Suzanne Beck, all under the leadership of the head majorette, Douglas Ann West. We think they are the best yet.

Here's hoping you'll enjoy Teen Topics as much as I enjoy writing it. Till next week, that's all the news from your Morehead High reporter.

## Man Buys 31st Set Of License Plates For Model A Ford

Oconto, Wis. (AP)—Albert Gillis recently bought his 31st set of automobile license plates for the car he purchased in 1929 for \$600.

Gillis has a 1929 Ford coupe in showroom condition. With more than 200,000 miles of driving—the third time around for the mileage indicator—Gillis feels the car is good for another 30 years.

A man who loves figures and keeps accurate records, Gillis says his Model A has used a little over 10,000 gallons of gasoline and 700 gallons of oil. It never has had a broken part.

"Best darn car on the road," Gillis says. "They don't build them like that anymore."

## Woman Receives Silver Dollars

Randolph, Vt. (AP)—Mrs. John Dumas had a heavy financial problem. A package containing \$1,000—in silver dollars—arrived at the local express office.

"I couldn't carry the package home," Mrs. Dumas said, "it was too heavy. And I was told that the bank couldn't handle silver dollars in great quantity."

Finally, Mrs. Dumas had the money, a gift from her uncle, A. R. Blair of Miles City, Mont., sent to a Boston bank. The amount was credited to her banking account.

The \$1,000 in silver arrived on Mrs. Dumas' 37th wedding anniversary.

The steamer "Ancon" in 1914 made the first transit of the Panama Canal, completing the passage in nine hours.

## NOW QUALANTITY SAVINGS

on  
life  
insurance—

Qualantity Savings is a philosophy of fairness, developed by The Family Fraternity . . . a new rate structure that means real, not imaginary, dollar savings on life insurance protection. With Qualantity Savings, when the quantity of protection goes up, the rate per thousand goes down, and the quality of the life insurance protection is better than ever before . . . with new, liberal accidental death benefits and other new features.

Here's how Qualantity Savings puts money in your pocket:

At age 30, for \$2,000 whole life insurance, under the new rate structure, you save \$3.89 per thousand over the annual rate for \$1,000, a total savings of \$7.78 per year. For \$3,000 of exactly the same insurance, you save \$5.19 per thousand . . . \$15.67 a year. With Qualantity Savings, by purchasing a \$10,000 certificate you save \$7.00 per thousand . . . an annual saving of \$70. For any and all kinds of term, whole life, limited payment, and endowment coverages, similar savings apply. Your local Woodmen Representative will be happy to explain this new concept in life insurance to you.
