Edenton Group **Returns to Base**

Cherry Point-After an absence of more than five years, Marine Aircraft Group-14 returned Wed-nesday from the Naval Auxiliary Air Station, Edenton.

Air Station, Edenton. The group was deployed from here in August 1953, to establish Edenton as an operational train-ing base for Second Marine Air-eraft Wing activities.

All operational flying at Eden-ton, including US Naval units, will cease when the auxiliary air station closes Nov. 1. The air station is scheduled to be decommissioned Jan. 1.

MAG-14 consists of four squadrone, Headquarters and Mainten-ance Squadron-14. Marine Air Base Squadron-14, Marine Attack Squad-ron-225, and Marine Attack Squad-ron-211. Marine Air Traffic Con-trol Unit-61 and MOREST (Mobile American Construction and Statement of Statement American Statement of Statement of Statement of Statement American Statement of Statement of Statement of Statement Statement of Statement of Statement of Statement of Statement Statement of Statemen Arresting Gear) unit are also at-tached to MAG-14.

During its stay at NAAS Edenton, MAG-14 transitioned from pro-peller-driven Douglas AD "Sky-raider" aircraft to the Douglas A4D-2 "Skyhawk" jet aircraft.

Agent Announces **Tobacco Survey**

A tobacco variety performance survey is being conducted in the to determine how various county to determine how various varieties compared in yield and value during 1958 on tobacco farms, announces R. M. Williams, county farm agent.

As many farmers as possible are being contacted so that the information gathered will represent a sizable portion of the tobacco grown in the county. Growers are being asked what total yield and value he received from each va-

Cards are being sent to a repre-sentative group of growers. Grow-ers who receive cards are urged to fill out the card accurately and return it to the county agent's of-fice. Everyone who receives a card should send it in regardless of or high. This is essential if the summary of the variety data is to represent the actual performance of a given variety in the county and state, Mr. Williams explained. This information is also being accumulated by other counties, and a summary of the county, belt and state results will be available
