## The Travels of a Fox

A fox was digging behind a stump, and he found a bumblebee. The fox put the bumblebee in a bag and he traveled.

The first house he came to he went in, and he said to the mistress of the house:

"May I leave my bag here while I go to Squintum's?"

"Yes," said the woman.

"Then be careful not to open the bag," said the fox.

But as soon as the fox was out of sight, the woman just took a little peep into the bag, and the pig caught him and ate him up.

After a while the fox came back. He took up his bag and he saw that the rooster was not in it. He said to the woman: "Where is my rooster?"

And the woman said: "I untied the bag and the rooster flew out, and the pig ate him."

"Very well," said the fox, "I must have the pig then."

So he caught the pig and put him in his bag and traveled.

And the next house he came to he said to the mistress of the house:

"May I leave my bag here while I go to Squintum's?"

"Yes," said the woman.

"Then be careful not to open the bag," said the fox.

But as soon as the fox was out of sight, the woman took a little peep into the bag and the ox ate him.

After a while the fox came back. He took up his bag and he saw that the pig was gone.

He said to the woman: "Where is my pig?"

And the woman said: "I just untied the bag and the pig jumped out, and the ox ate him."

"Very well," said the fox, "I must have the ox then."

So he caught the ox and put him in his bag, and traveled.

And the next house he came to he went in, and he said to the mistress of the house:

"May I leave my bag here while I go to Squintum's?"

"Yes," said the woman.

"Then be careful not to open the bag," said the fox.

But as soon as the fox was out of sight, the woman just took a little peep in the bag, and the ox got out, and the woman's little boy chased him away over the field.

If you'd like to join the Birthday Club, all you have to do is fill in the blank on this page and mail it. If you have a picture of yourself, send it along too. A good snapshot will do. There's no charge to join the club and no charge for running your picture.

All Birthday Club members receive a birthday card on their birthday and their name appears the week of their birthday in the Happy Birthday column of The Happy Times.

Here's a letter from Harold, one of our new members:

I would like to join the Birthday Club very much. My name is Harold Mace Lamoreaux, son of Mr. and Mrs. W. H. Lamoreaux of Atlantic, N. C. But I know my friends in Morehead City will remember me. They are Dean Sneid and Jimmie Piner.

I will be 10 years old Oct. 25, 1958.

### Cub Scouters Begin Work On Den Stools Tuesday

Cub Scout Den 5, pack 28, met Tuesday afternoon at the home of Mrs. Frank Nance. The meeting was opened with the pledge to the flag.

Our project for this month is making our den stools out of kegs. We put the first coat of blue paint on our kegs.

We practiced our skit for this month's pack meeting. The boys who were absent last week made their Halloween masks. Then we played a game of football in the back yard. After football we had refreshments.

Mrs. J. D. Lilley will serve refreshments at next week's meeting. Our meeting was closed by repeating the laws of the pack.

—David Nance, Denner

### Sub Scout Troop Elects New Denner, Assistant

Cub Scouts of den 4, pack 367, of Beaufort met Wednesday afternoon at the home of our den mother, Mrs. Edmond Nelson. Mike Taylor served refreshments and Ed Nelson will treat us next week.

We opened with the flag ceremony, sang the More We Get Together.

After our wall chart on advancements was checked we elected a new denner and assistant denner. They are Ed Nelson and Johnny Chadwick. Richard Styron, a Cub Scout recruit, visited our den.

Our den mother thanked us for the splendid cooperation in handing out the handbooks Saturday morning. We discussed our den skit and were given our parts.

We closed with the living circle and sang a song. We were asked to check our homes for fire safety. We hope to visit the fire station next week.

## NORTH CAROLINA

## FACES A CHALLENGING FUTURE

Native handicrafts form an important segment of the economy in the North Carolina Highlands. These people work with metal, leather, textiles, wood, clay, gems and their crafts range through weaving, ceramics, carving, gem cutting, rug making, spinning, basket making, ornaments, enameling and furniture. It is a cottage industry with organized market centers in Asheville and Blowing Rock. A craft school in Pepland attracts students from all over the world—thus this whole area is being opened to further education and enlightenment.

And with enlightenment comes the ever practical solution of the "legal control" system for the sale of beer and ale, as proven to be in the best interests of temperance and moderation.
