

Tommy Garner, Newport, Has Second Steer for 4-H Project

Tommy Garner takes his steer out for some exercise and for some green grazing. He plans to feed the steer on grain and hay this winter and sell it in New Bern next spring. The steer's name is Bullet.

Thomas Roy Garner Jr., president of the Newport Intermediate 4-H Club, is one of the lucky 4-H'ers who has a livestock project. Tommy has a Hereford steer, Bullet, that he plans to feed out and sell in New Bern next spring.

Feeding out steers is nothing new to Tommy, who had an Angus steer last year. He says, "I enjoy working with animals. It teaches any boy or girl responsibility. When you have an animal depending on you, you have to see that it has plenty to eat and drink and a good clean place to stay."

Tommy, who is 14, is in his fifth year of 4-H work. He has stuck to one project per year in 4-H, preferring to have one good project instead of several less impressive ones.

In the three years before he began feeding out steers, Tommy had a garden project. In his garden, Tommy raised enough vegetables to supply the family table all through the summer and give his mother vegetables to freeze and can.

Tommy's mother, of course, is well qualified to do such jobs—she is Mrs. Floy Garner, 4-H advisor and Home Demonstration agent for the county.

Tommy has been active in 4-H work from the time he first joined. He was president of the Newport Junior 4-H Club before he was promoted to the intermediate club.

He has attended state 4-H Club camps for three summers.

Harry Venters, 4-H advisor and assistant county agent, is anxious to see more 4-H'ers take an interest in livestock. "Raising animals is good experience for the boys and there is a good chance that it can become a profitable business for many of them. A number of 4-H'ers have pasture available and could keep one or two animals with very little expense," Mr. Venters said.

Brownie Scout Troop Hears Program on Music

Brownie Troop 222 met Wednesday at Mrs. Collins' house. After our meeting Mrs. Collins served us refreshments.

Then Miss Cathy Chalk gave us a program on Music Appreciation. She played all kinds of music. We enjoyed her playing very much. The music students played a piece for us. All the girls joined in singing.

—Carole Willis, Scribe

Correction
Murphy Dize, who was found guilty of assault in county recorder's court Thursday, is a Negro and not a white man as he appears to be, according to information from Claud Wheatly, Dize's attorney. Dize was referred to as a white man in Friday's paper.

W'wood Revival To Start Sunday

Revival services in the Wildwood Presbyterian Church will start Sunday night and continue through Friday, Nov. 14, announces the Rev. Al Daniel, pastor.

The visiting minister will be the Rev. Jimmy Marrow of the Cape Fear Presbyterian Church, Wilmington. At 6 p.m. Sunday there will be a covered dish supper at the church. Families are invited to the supper to meet Mr. Marrow. During the week of revival there will be morning devotions and prayer service at the church at 7:30 a.m. daily. The services will be broadcast at 9:45 a.m. from Beaufort.

A pre-revival prayer meeting will be conducted at the church at 7 p.m. tomorrow. The Wildwood church is located a half mile off highway 79 six miles west of Morehead City.

Kemp Styron served cake and Mrs. Guyon Neil Willis poured punch.

Mrs. Willis received a variety of lovely gifts from her friends.

The Methodist Men's Club met at the church Saturday night for their monthly meeting.

The Nettie Yeomans Circle and the Jeanette Willis Circle met at the Methodist Church Tuesday night for their joint meeting. They had as their guest speaker Mrs. Ira Belle Smith, sub-district chairman.

There will be prayer services at the Methodist Church each Friday at 7 p.m. Everyone is welcome.

Head of Republican Party Makes Plea for Candidates

By J. D. GILLAMIN
Republican Chairman

It is time for a change of administration throughout our county. To preserve the two-party system which our country has thrived on in the past, we must make this change for the good of our local government.

Carteret County is fast becoming a progressive county. The hope of our future progress depends upon our leadership in public office. To my knowledge there is no finer man to represent us than Mr. Grayden Paul. Mr. Paul is an outstanding citizen held in high regard throughout our state.

He has held public office and served the people well in the past. He is a Christian man with Christian ideals and principles. We can depend on Mr. Paul to represent us well if the voters will cast their vote Tuesday for Mr. Grayden Paul as representative.

The county commissioners' office is another office of importance. Men with the interest of our people as their primary concern must be put in office. These officials hold the purse strings of the taxpayer. Our taxes are continuing to increase, but to our knowledge we have had little improvement in our county to show for that increase.

As I understand the law to read, the county can reevaluate our property every four years. As you all know, this property revaluation

took place in 1955-1956 costing us the staggering amount of \$47,454. The present county commissioners hired help from out of our own county. Yes, out of our own state, to make this valuation. Would it not have been better to have kept this money right in our own county?

Even now, the collector of delinquent taxes is a man from Craven County, keeping part of what he collects. This sounds to me like we have taxation without representation. I do not think that five men or even twenty-five men should have the right to spend our tax money in that amount without the taxpayers' approval.

I can assure you the Republican candidates will take this situation under consideration as one of their first duties in office, if you will go to the polls and vote Republican all the way for county commissioners!

Mr. A. B. Tom Garner has made many friends in our county. He is interested enough in better government to visit from the east to the west all through the entire county. Such devotion to a cause will have its reward. Tom is a veteran of World War II and his home town is Newport.

Mr. Garner believes the duty of the sheriff's office is to collect the delinquent taxes and promises to do just that without calling for help from outside of our county. This fact alone should cause the voters of Carteret County to put

Tom Garner in office, for a penny saved is a penny earned.

We are all interested in better government. We want to see our county prosper. We want to be proud of our communities. We want progress to enter into our area. This can only come about with efficient leaders and spending tax money wisely! We, the Republican party, believe that by having a qualified physician as a county coroner, money will be well spent.

As a doctor of medicine his training will qualify him as to the need of an autopsy. Throughout our county, crimes may have gone unnoticed because the coroner lacked the professional training needed for the job. Many towns and communities, awakened to this fact have changed their requirements, making it a law that the coroner be a physician.

We are fortunate to have Dr. Hyde seeking the office of coroner in our county. A man with training, and capable of performing an autopsy. Thrifty-minded people will want to put Dr. Hyde in office.

The register of deeds office has been in the hands of the opposition party for some twenty odd years. We would like to see Mr. Ray Lewis elected to this office. The change of party, in itself, will be a healthy one. Vote for Ray Lewis.

It is important that everyone eligible to vote goes to the polls today and votes for the candidate of his choice. We live in a free country where no one can tell us how we must vote. To intimidate or threaten a voter is illegal. To buy a vote is just as dishonest. To

vote outside of a private voting booth is against our voting laws.

It seems incredible that I should have to remind folks of these facts. However, many acts came to my attention in the previous election.

We know good citizens will have no part of any dishonest election and it is just as important that they report any suspicious acts, that we might prosecute any violators of our voting law. Too many of our young men have died to preserve our freedom to vote for us to close our eyes to any dishonesty.

By your vote you make your choice. Choose well, for the future of our county is in your very hands! Vote a straight Republican ticket.
