

Papa is All to be Staged Wednesday

Papa is All, the Carteret Community Theatre's first production of the current season, will emerge before the footlights Wednesday night at the Morehead City recreation building (the former USO).

Due to insurance adjusters' occupying the auditorium to clear up Helene claims, the production has been delayed several weeks.

Miss Ruth Peeling, theatre president, announced yesterday that with the kind cooperation of the General Adjustment Bureau, the play will be staged. While the adjusters will be in the building three more weeks, they have agreed to let the auditorium, which they have rented, be used by the theatre for one night.

Papa is All is a humorous Pennsylvania Dutch play, shot through with notes of tragedy, in that Papa, played by Leonard Lewis of Morehead City, rules his family like a tyrant.

This makes it difficult for his daughter, Emma, played by Patsy Holt of Morehead City, to "keep company" with a young man. Papa's domination also frustrates his son, Jake, who likes machinery and wants to be an engineer. Jake is portrayed by Jimmy Wheatley, Beaufort.

Picture shows and wheels are "dewices" of the devil, as far as Papa is concerned, yet — strange as it seems — he willingly lets his son, Jake, drive the family "Ford-car".

Since Papa is Mennonite, his religion prohibits him from engaging in worldly pursuits, such as driving cars. But his children are still "worldly" and can thus enjoy modern conveniences since they haven't yet joined the church.

Mama, played by Joyce Lewis of Marshallberg, is the sweet, long-suffering rock of refuge in the house dominated by Papa. To her the children turn for sympathy.

Mrs. Yoder, a gossipy neighbor, is portrayed by Julia Holt of Radio Island, and the Pennsylvania state trooper who plays an important part in finally trimming Papa down to size, is played by Glenn Adair of Beaufort.

The setting is a kitchen of a farm house in the Pennsylvania Dutch country north of Lancaster.

Admission is a dollar for adults and 50 cents for children. Curtain time is 8:15 p.m.

Lillian Frances Giddens and Tressa Vickers have designed the stage. Work on the sets has been done by John Lashley, Bob Rich and Frank Carlson.

In charge of wardrobe is Rosalie Dowdy; properties, Julia Herndon; and prompter, Thelma Barnett. Director is Miss Vivian May.

Morehead City Schools Will Observe Education Week

The Morehead City Schools will join in the nation-wide observance of American Education Week Nov. 9-15, according to an announcement by T. L. Lee, principal of the Morehead City Graded Schools.

American Education Week has a very interesting and significant history. It originated shortly after the close of World War I when the nation was alarmed to find that a shocking percentage of its young men were unfit for military service because of poor health and illiteracy.

The National Education Association and the newly-formed American Legion joined forces to work on the problem and in 1921 they sponsored the first observance of this week. Later the US Office of Education joined in the movement, and in 1938 the National Congress of Parents and Teachers became the fourth official sponsor.

In addition to these official sponsors, practically all civic, religious and general cultural groups help to plan and finance American Education Week activities.

Commenting on this year's observance of AEW, Mr. Lee has this to say, "The basic purpose of American Education Week is to make the citizens of America more keenly aware of the vital role which education plays in a democracy, and to help them realize that good schools are their personal responsibility.

"More specifically it seeks to increase understanding and appreciation of education by both the general public and the students who are in school; to bring out school needs and problems, and most of all to strengthen the bonds of cooperation between the school and the community.

"We need to realize that education is the joint responsibility of the school and the community,

and is no better and no worse than the community wants it to be. This being the case, now is a good time for everybody to take a long and careful look at his schools to see where they are going and how."

Plans for observing American Education Week are being drawn up by a committee composed of Ralph Wade, chairman, Mrs. Lois Venters, Mrs. Doris Scott, Mrs. Florence Cordova, Miss Hortense
