

Duke Professor Speaks To Rotary on Education

By ALBERT GASKILL

State AAUW President Cites Aims of Group

Dr. Leslie Syron, president of the North Carolina division of the American Association of University Women, reviewed the history of the AAUW and cited its aims Friday night at a dinner meeting of the Beaufort-Morehead branch.

The meeting followed dinner at the Rex Restaurant. Prior to Dr. Syron's address, Mrs. Theodore Rice read the secretary's report, Mrs. John Costlow reported on the recent symposium society meeting at which she and other AAUW members represented the branch, and Mrs. Thomas Scott reported on a proposed elementary curricula study.

Dr. Syron was introduced by the branch president, Mrs. Ray Brown. The speaker mentioned that AAUW was founded in 1882 to unite alumni of different institutions for practical educational work.

"Since it has become respectable, once again, to be intellectual," Dr. Syron said, "and the public has become vitally interested in education, AAUW has the opportunity to help channel that interest."

AAUW should exist, she continued, not only as an influential force in the community, but to further the intellectual development of the individual.

The branch should present programs of college calibre, the speaker said. She mentioned ways in which the local branch can further the division objectives, and commented on the value of the International Federation of University Women, of which AAUW is a part.

"AAUW," she concluded, "is an effective channel through which can be built the kind of future we all want."

Dr. Syron, who is on the faculty at Meredith College, was entertained Saturday morning at a coffee at the officers' club, Cherry Point, by the Havelock branch of the AAUW.

The next meeting of the branch will be at 8 p.m. Friday, Dec. 12, at the civic center, Morehead City.

Two County Men Go on Caravan To Philadelphia

Braxton Adair, Beaufort, and Walter Morris, Morehead City, are representing this county in Governor Hodges Industrial Caravan to Philadelphia.

Mr. Adair is chairman of the committee on industry and agriculture of the Beaufort Community Development Corp. and Mr. Morris is vice-president of the Morehead City Chamber of Commerce.

The caravan left Raleigh yesterday, arriving in Philadelphia last night. The delegates will be briefed this morning in the Sheraton Hotel. After the briefing the morning will be open for calls on prospects.

Except for receptions and banquets at meal hours, the entire schedule, today through Thursday, is devoted to calling on industrial prospects.

Governor Hodges will make a number of radio and television appearances over stations in the Philadelphia area. Arrangements for publicizing the activities of the Governor and his party in Philadelphia are being handled by Hugh M. Morton of Wilmington, chairman of the Advertising Committee, State Board of Conservation and Development, and F. Earl Crawford Jr., executive vice-president, Ayer and Gillett Advertising, Charlotte, the agency handling the state's advertising contract.

Representatives of local groups going to Philadelphia do so at their own expense. They will be subject to limitations of seating and other facilities and it is to be clearly understood by them that they participate in the program as representatives of the State of North Carolina and not as partisan representatives of their individual communities.

of small schools has provided better equipped laboratories, better libraries and better curricula, and with expanded facilities better qualified teachers can be obtained.

We need to be more realistic about education, he said; we are spending more money for smokes, alcohol and cosmetics than for education. Laymen and professional men need to work together to find out what is good and what works, said Dr. Hurlburt.

Fred C. Phillips, Stouton, Mass., was a visiting Rotarian and Dallas Herring, chairman of the State Board of Education, was a guest of Mr. Joslyn.

Reinstates Licenses
The state driver license division has reinstated the licenses of Allen L. Smith and Roy W. Lewis, Beaufort, and Fred Bell and Henry W. Hibbs Jr., Newport.

REVOLUTIONARY new performance!

SIEGLER pours 4 times more heat over your floors for FULL HOUSE HEATING!

The big furnace volume blower drives 4 TIMES MORE air through the heart of the fire and out over your floors. Siegler gives you furnace comfort without costly pipes and registers.

new economy

Siegler, with the patented Inner Heat Tubes and built-in Blower System captures the heat other heaters waste on the ceiling or out the chimney. It pays for itself with the fuel it saves!

new styling

Choose from glamorous new contemporary styled models or beautiful traditional designs. All Siegler heaters are finished in lifetime porcelain.

Atlantic Beach Begins Mosquito Spray Program

The town of Atlantic Beach moved into the mosquito control program officially at a meeting of the town commissioners at the town hall Friday morning.

The board contracted with H. J. Baysden to spray the town every night until further notice. Mr. Baysden appeared before the board to ask for help in financing an enclosed pack-type body for the truck he uses to pick up trash at the beach.

The commissioners agreed to advance Mr. Baysden \$310-\$300 for the body and \$10 for converting his truck into a spray machine. He will repay the \$300 by spraying for the town at \$4 per day. After he has worked out that amount, he will be paid at the same rate.

The commissioners felt that such forward-looking services by the town would encourage people living around the town to vote for the extension of the city limits.

A committee of Don Femia, Luby Hardison, Gibbie Sanderson, W. L. Derrickson, R. A. Barefoot, M. G. Coyle and Mayor A. B. Cooper will study the possibilities of extending the city limits and report at the next board meeting.

Shelby Freeman, representing the Morehead City Chamber of Commerce, discussed the services of the chamber to the town of Atlantic Beach. He said that the

Missy and Matt visited with Dr. and Mrs. Joe Dewalt.

Trout fishing has been very good at Morris Cabin Kamps for several days.

The annual Thanksgiving service of Atlantic Methodist Church will be held Wednesday night, Nov. 26, 1958 at 7 o'clock. Music will be furnished by the choir. Sermon will be delivered by the pastor, David Lewis. Everyone in the community is invited.

No Regrets, Please
Life is full of regrets. We should not fear, doubt or fret. Our mission here is to be helpful every day.

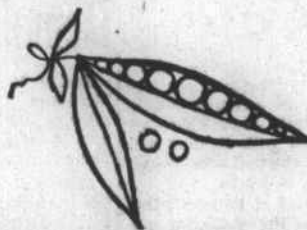

For this need, dear Lord, we pray.

Let us give food to the needy, Strength to the weak, And a bit of kindness to the distressed.

So when we meet our Maker, He will give us a Halo of Rest.

SOLVED: JACKKNIFE RIDE FOR "MAN IN THE MIDDLE." The hump in the floor has been whittled way down in the new Mercury to provide more foot room.

SOLVED: LOOK-ALIKE STYLING. Mercury is the only car in its field that doesn't share its styling with any other car... doesn't use a dressed-up body of a lower priced car.

SOLVED: POOR GAS MILEAGE. All of Mercury's new Marauder engines (up to 345 hp) are amazingly efficient. And for top mileage and savings, Mercury offers a brand-new Monterey series that uses regular gas, not premium.

Six-week-old puppies, weaned, and mother dog need good homes. Phone PA 6-5318.

Morehead Area, Church Of God, to Convene Here

The Morehead City district of the Church of God will meet in convention in the Broad Creek Church of God Wednesday and Thursday.

Among state officials present will be the Rev. John L. Byrd, overseer; Robert Hart, youth director, and L. O. Henry, orphanage superintendent.

Churches in the district are at Morehead City, Newport, Broad Creek, Fort Barwell, Grantsboro and New Bern.

Agents' Meeting

R. M. Williams, Harry Venters, farm agents, and Mrs. Floy Garner, home agent, will attend a district extension agents' meeting this afternoon and tomorrow at Elizabeth City.

School Principal Speaks to Lions

Lenwood Lee, principal of Morehead City High School, presented the movie "Crowded Out" at the Morehead City Lions Club meeting Thursday night. The club met at the Hotel Fort Macon.

The movie, of course, dealt with crowded school facilities. After the regular meeting had been adjourned, several Lions remained behind for a question and answer period.

Mike Lewis, a guest of Lion Otis Jones, ran the movie projector at the meeting.

Hawaiian Memorial Park Tops World Sales Mark

Honolulu (AP) — A local firm claims a new world's record for first month sales — of cemetery plots.

Hawaiian Memorial Park said 1,759 sites were purchased during the period. It said the mark exceeded the old record set at Modesto, Calif., by about 300.

DON'T MISS THE FIRST SHOWING

STOP IN: SEE HOW MERCURY SOLVED THE PROBLEMS MANY '59 CARS FORGOT

SOLVED: STANDING ON YOUR EAR TO SEE TRAFFIC LIGHTS. New windshield curves up into the roof, lets you see high traffic lights. New windshield wipers clear 42% larger area...including middle.

SOLVED: UNLATCHING YOUR KNEES GETTING IN OR OUT. Mercury's front doors are wider than those in the costliest cars. And the windshield post has been moved forward, out of the way.

SOLVED: WHEN YOUR FINGER. New Marauder engines start with split-second precision. You enjoy the difference between mercy "enough power" and real peace of mind.
