## Chamber Officer Speaks to Club

Joe DuBois, manager of the Morehead City Chamber of Commerce, was guest speaker at the Beaufort Rotary Club meeting at the Scout building Tuesday night. Mr. DuBois discussed the Ocracoke-Cedar Island car ferry to be put in operation by the Taylor brothers.

According to Mr. DuBois, the great number of petitions and letters from individuals and organizations interested in the ferry were responsible for the Taylor brothers' interest.

Area advertising should be promoted now, Mr. DuBois declared. He pointed out that everyone along the All Seashore Highway will profit from the traffic that the ferry will create.

Bobby Stephens of the Newport Rotary Club visited the meeting. Next week the Rotarians will meet at 7 p.m., 15 minutes later than usual for a Christmas party at the Scout building. Rotary Anns will be invited.

Ann Street Methodist Church will have as its guests Sunday the staff of the Methodist board of Education of the North Carolina Conference.

Staff members are Dr. C. P. Morris, executive secretary; the Rev. Harold Minor, director of adult work; the Rev. Robert McKenzie, director of youth work; the Rev. Wesley Brogan, director of children's work.

## Baptist Hospital Receives Grant for Kidney Research

Winston-Salem—A grant of \$141,400 to the North Carolina Baptist Hospital, Winston-Salem, by the John A. Hartford Foundation, Inc., of New York City, for renal research and to implement an artificial kidney program for management of kidney diseases has been announced.

Dr. Ernest H. Yount Jr., professor and chairman of the Department of Internal Medicine at the Bowman Gray School of Medicine, and Dr. John H. Felts, instructor in internal medicine, will be the principal investigators and direct the program.

The grant will cover costs of equipment and supplies, patient care, and personnel over a three-year period.

## Stage Personality Stars In His Own Production

New York (AP)—Victor Jory, veteran portrayer of suave gentlemen on stage and screen, is tackling a new chore now as a co-producer.

He is teaming with Douglas Crawford to present "The Prisoner" on Broadway. The British Boland drama was seen in London in 1954. Besides sharing in the management, Jory is to star in the lead role.

her mother and father-in-law, Mr. and Mrs. Leslie Garner. Several of Mr. and Mrs. Arlie Daniels' children spent Thanksgiving day with them.

The investigators said the program will include the establishment of an artificial kidney team at Baptist Hospital with the aim of intensifying care of kidney patients and broadening understanding of kidney function in health and disease.

They explained that the artificial kidney is actually a semi-permeable membrane which allows certain substances to pass through, but prevents the escape of others.

By diverting the blood stream through the membrane the blood can be cleared of toxic accumulations caused by kidney failure or introduced into the blood intentionally or accidentally by the patient.

The investigators said experience has shown that use of the artificial kidney materially reduces the chances of permanent injury to the patient.

The artificial organ also permits the careful measurement of the products screened by the membrane and allows precise control of flow and volume of such products.

The investigations to be carried out with the aid of the artificial kidney will permit the expansion of studies conducted at the Hospital and its affiliated medical school into the functions of the kidney itself and the manner in which disease alters body fluids and its components.

The Hartford Foundation was established by the late John A. Hartford, who was president of the Great Atlantic and Pacific Tea Company for many years.

## French Writer To Direct Play

Montreal (AP)—Andre Pierre Boucher, 22-year-old Montreal poet and playwright, is to direct his play "Les Embardees" in a production for the Theatre Guild in New York.

"Les Embardees" ("The Digressers") was produced here in February, but, says Boucher, the script was turned into "a soap opera because everyone was afraid of the original script in which unconventional sexual relationships were implied."

Two weeks after presentation of the watered-down version the Theatre Guild requested the original French script.

The young playwright says he is going to live in New York for a while to "make contacts and get the feel of it" before venturing into production.
