1509 Bridges St. Morehead City, N. C.

**Merry Christmas**

We hope this Christmas season rings in a full measure of happiness for you.

**Micro Machine Co.**  
Highway 24 West Phone PA 6-4919 Morehead City

**Season's Greetings**

The cheeriest of greetings and good wishes to all our friends. May your holiday season be a happy one.

**Busy Bee Restaurant**  
Morehead City, N. C.

**Belk's**

**THANK YOU AND A Merry Christmas TO ALL OUR FRIENDS**

We're happy from the top of our bright red stocking cap right down to our shining boots. To have had a share in your Christmas! Smiles and kisses and squeals of joy around your family circle are our best reward for our many long and busy hours spent these past few weeks.

We know... Santa does sometimes make mistakes on sizes, colors. So please, bring it back for exchange. You'll be happier... and so will we!

P.S. We want to make good Santa's mistakes and we will appreciate your cooperation, so... PLEASE MAKE EXCHANGES BEFORE JANUARY 1st.

**Home for Christmas**

Four generations are represented here: Mrs. Horace Loftin Jr., left, and her two children, Rex and Laura, from Tallahassee, Fla., came home to spend the holidays with her parents, Mr. and Mrs. Roy Keller and grandmother, Mrs. Cleveland Gillikh, of Bettie.

**Young Moderns Voice Their Yule Problems**

By VIVIAN BROWN

Santa's mighty sled carries a special section for a question box, especially to carry notes from the campus crowd.

There are, for instance, those perennial puzzlers that Mr. Claus is an expert at solving—questions that involve gift giving.

"My girl friend and I date the same boys" writes a 17-year-old. "One boy is a very good spender when he takes us out, and last year we each gave him a gift.

This year my friend is going to give him a very handsome waist coat that her father brought from England. I can't compete with that. What should I do?"

Since the boy is not even a steady beau, give him what you planned to give him or distinguish yourself by not giving him anything. There is no reason why you should.

If you are a good knitter, consider making him a pair of socks or a silk tie. You can get directions for these, and it will not take you long to make them. Any boy would think highly of something you made yourself.

"Last year my girl friend and I exchanged gifts. She gave me a very inexpensive gift—a pair of cotton gloves. My gift to her was a beautiful umbrella. Should I just skip it this year or give her a tiny present," asks a 15-year-old.

I would give her a less expensive present, to save her the embarrassment of not reciprocating in kind, if she cannot afford your budget, but I'm afraid that you want to limit your gift because hers does not measure up to your expectations of price range.

"A new girl moved into our neighborhood not long ago, and she has decided to have an egg nog party on Christmas day. This has always been a tradition at our house, and I do not know what to do. Should I ask the girl to change her date or just compete with her," asks a 16-year-old.

If you are in the same circle of friends, why not call her and ask what time she plans to have her party. Explain to her kindly, that you have had the neighborhood egg nog party every year, and you wouldn't want to interfere with hers.

If her party is from 12 to 2, See MODERNS, Page 8, Section 2

**Forecast to Appear**

Roger W. Babson

Babson's Business and Financial Forecast for 1959 will be published in THE NEWS-TIMES Tuesday, Dec. 30.

Roger W. Babson holds a notable record in accuracy of predictions. For the past 10 years his predictions have been 86 per cent correct, on the average.

Born and reared in an old-fashioned atmosphere of hard work and hustle on a farm in Gloucester, Mass., Mr. Babson went to the Massachusetts Institute of Technology. Upon graduating, he turned instinctively to financial and business activities in which his father was engaged.

His exertions, however, undermined his health; he contracted tuberculosis and he was sent West "as good as dead"! It was while he was convalescing from this dread malady that he worked out some of the possibilities and problems of business forecasting.

His weekly releases are used by over 400 newspapers and his financial reports by 20,000 corporations and estates. His research work is carried on by a large staff of experts.

Mr. Babson founded Babson Institute for Men; and, in cooperation with the late Mrs. Babson, developed Webber College for Women—both nationally-known educational institutions. Here young men and women may concentrate on the fundamentals of honest and efficient business administration.

Later, he founded a Midwest Institute of Business Administration, located in Eureka, Kan. He has been active also in the establishment of other mediums of service to the public, such as the Gravity Research Foundation, located at New Boston, N. H.

Mr. Babson has probably done more than any other man to create among his millions of newspaper readers an interest in simple business problems, and to instill a broader vision in businessmen, enabling them to meet the ups-and-downs of the business cycle.

**Governor Predicts Brighter Farm Income Scene in 1959**

Gov. Luther H. Hodges at his recent farm advisory committee meeting made a cautious prediction that North Carolina's per capita income for 1958 will jump one or two places in the national ratings as a result of the state's expected farm income boost.

Hodges said he was very encouraged by the state's economic condition — "more so than I was 90 days ago."

The encouraging reports on farm income, he added, made good news because "we here in North Carolina are so terribly dependent on agriculture."

The governor also had praise for Colvard and other members of the State College School of Agriculture administration for their forward step in revamping the curricula of the school to meet rapidly changing conditions in the farm economy.

The governor heard members of his farm advisory committee report that things generally are looking up, that morale of farm people generally is better than in several years. Tobacco income has risen sharply after last year's downward plunge. Income from poultry and livestock continues to advance.

Dr. D. W. Colvard, dean of the State College School of Agriculture and chairman of the advisory committee, told the governor that fig-

**Scientists Develop New Type of Pill**

New Haven, Conn. (AP)—Science may soon develop a tranquilizer-type drug which will relieve mental depression, Yale psychiatrists say—but don't look for a drug which will alleviate human grief.

Dr. Daniel Freedman, assistant professor of psychiatry, said while there is no drug at present which is entirely proven as a depression-killer, there are many new drugs which show great promise.

Instead of a "human-grief drug," Freedman hopes another type of drug will emerge.

"I would like very much to see one which would help learning," he added.

Mistletoe gets nourishment from the air, not the host tree.

**Merry Christmas**
