An automobile wreck near Cane River last Sunday proved disastrous to the family of Mr. Sid Peterson, Sr., of Jacks Creek. The car was being driven by Clyde, Mr. Peterson's son, and the other occupants were Mr. and Mrs. Peterson, their daughter Miss Clonnie and Mr. Bob Evans. The car turned completely over. Mr. and Mrs. Peterson and their daughter are now confined to their homes from the effects of their injuries, which were severe. Mr. Evans and Clyde were only slightly injured.

The Sage of Burnsville says it is all right for a fellow to put his family in his car and take them to Sunday school and church on Sunday morning, but when he loads his wife and children in his car, dodges by his church and goes to the country to spend the day, he is not only not doing his duty toward his family but he is incurring the displeasure of the Almighty. "Remember the Sabbath day to keep it holy." The fellow who disregards the Lord's day, and leads his children to do the same thing, is just as sure to come to a bad ending as the Gospel is true. That is what the Sage says about it, and we believe he is right.

WILL YOU LISTEN?

We will not burden you with long, dry stories. We don't want to preach. Leave that to the preacher. We don't want to scold. You probably know where to get all the scolding you need.

We want to talk to you of business, of banking, of the service we offer to this community, of the things that are best for you--and for us. If you succeed, we all share the success. In this space, from week to week, we want to talk to you plainly, honestly, friendly, helpfully. See what we have to say next week.

Notice to Contractors and Builders

Owing the building boom all over the country and the great demand for lumber and building supplies that has continued all the year, it is almost a certain fact that there will be no great reduction in prices of lumber and building supplies this year, and some who are in much better position to know than we, predict that the demand will last all through next year; therefore, if you are planning to either build or repair, please give us an opportunity to figure your estimates and we will give you the very lowest prices the market affords, considering our high quality lumber and the best standard lines of building materials.

Our stock is more complete now than ever before and we can fill almost any order on short notice, notwithstanding the fact that our business is twice as large now as it was at this time last year. This proves that our Service, Quality and Prices are right.

We have made a Factory connection with one of the oldest and best Paint Manufacturers in the United States, buying our paint and oils in carload shipments at manufacturers prices, and as soon as our car arrives, which will be during the first part August, we will be able to give our customers unheard of prices on High Grade Guaranteed Paint.

Mail us your inquiries and orders and remember that we are here to serve. Our motto: Satisfied Customers.
