Pvt. Eugene S. Hughes is with the B and C school at Fort Jackson, S. C.

Pvt. Clyde Dulaney is with an Infantry Division at Camp Maxey, Texas.

Yancey Record: Please send the paper to my new address, and I wish that you would convey to all my relatives and friends of Yancey county my best regards, and I always know that in any way the citizens of the county can contribute to this great war effort they will be ready and willing.

Sgt. Burns P. Gillespie, Bomb Group, 213th Bomb Sq., MacDill Field, Tampa, Fla.

Yancey Record: I would like to get the paper so that I can see what is going on at home on Sept. 21 and at home: I entered service on September 21st and hope this war will soon be over so that we can be Toledo, and my wife is there now.

Pvt. Lloyd Hilemon, Btry A 30 CATB, Camp Wallace, Texas.

Yancey Record: I wish to express my appreciation and say thanks for the paper. A soldier's home paper is second on his "want list". First, of course, come letters from home, then the home paper as it surely is good to get the news regularly.

Pfc. Paul E. Silver, 078 Guard Sqd. 36th Airport, Box 831, Miami, Fla.

Yancey Record My home is at Micaville and I am now in service. I would like to have the paper sent to me so that I can keep up with the news back there.

Pvt. Jay E. Thomas, 14th Base Hq. and Air Base Sqd., Maxwell Field, Ala.

Yancey Record: I enjoy the news from Yancey county and the boys I was in training with. They write the paper and I find out where they are and their address. So thanks a thousand times for the paper. My address has been changed and now is: Pvt. Cliff F. Horton, Army Air Base Hospital, Ephrata, Wash.

Yancey Record: I received the paper yesterday and believe me, I sure was glad to get it for that is one way to find out what folks

The Federation will operate this plan at all tobacco warehouses in Asheville and Boone, and all warehouse operators will gladly cooperate even though it means some additional work in their offices.

On account of gasoline and tire shortages, it is expected that a much larger percentage of tobacco grown in Western North Carolina will be marketed this year in Asheville and Boone.

A telegram has been received stating that the Asheville and Boone markets will open Tuesday, December 8.

Fresh grapefruit and tangerines, produced this year in record quantities, have been designated as the Victory Food Special for the period December 3 through December 12.

BURNSVILLE—

"So They Say"

Who predicted snow! It now looks like rabbit hunting weather by morning. We knew winter would arrive sometime. . . .

Here and there: Picture in the paper: Molt Hensley and Lester Hevner with the two deer they killed on same hunt. . . . and Sgt. Richard Peterson appears in national magazine. Look on page 70 of October issue, Popular Science and there he is—demonstrating some of apparatus used by Signal Corps. . . . Good to see Frank English home on leave from La., and "well and happy" is how he looked to us! . . . First Lieut. Lucille Chase, as we've mentioned, is now second in charge of army hospital, and feels that she's nearly home (She's in Texas from Cal.) . . . Certainly regret to see Pat Williams leave for Atlanta. She's been one of our most popular, folks-about-town for a long time and we don't like to give her up. . . . Chloe Higgins takes her place in health office. . . . We hear of wedding in town 'round Christmas time . . . and speaking of Christmas reminds us that it's not so far off. . . . and we predict that one of most popular gifts will be war bonds or stamps—nothing could be finer

Be sure to read announcement about volunteers for service work (page 3). There will be more and more things to be done (like ration board registrations, etc.) and it will help a lot to be able to get all the help needed at the right time. . . . Sign up and be ready to serve if you are called on.

We don't have complete county report for sale of bonds and stamps during "Women at War" week but Bald Creek sales were \$1499.85 and Burnsville sales were \$100 in stamps and \$2925 in bonds!

THE GREENEVILLE TOBACCO MARKET
Opens
December 8th.

High Prices Are Not Only Expected To Rule For This Crop, But Also for the 1943 and 1944 Crops

Although, due to favorable handling weather, over half of the crop will be ready for market at its opening, there is no reason to rush to sell and cause to put tobacco on any floor a week to ten days and have it drift in quality as a result of exposure before sold.

Two Daily Sales Prevent Such Exposure On The Greeneville Market

The war has caused much shifting of tobacco floors. However, Greeneville being an ESTABLISHED MARKET, both small and large manufacturers, as heretofore, will be represented, assuring strong competition on all grades. In this connection, the following is copied from a recent issue of the Southern Tobacco Journal:

Multiple Buying

"To reduce buying expenses it is common practice for Companies to place buying orders . . . this is especially true on the smaller markets.

"Thus a company, instead of incurring the expense of maintaining ITS OWN BUYER on a certain market, places a buying order with a LEAF DEALER who has a buyer at that market.

"This buyer bids not only on behalf of his employer, but possibly half a dozen other companies.

"Were it not for the multiple buying orders it is probable that many of the smaller markets would cease to operate, and the existing trend toward elimination of small markets would be more pronounced.

"Viewed alone, multiple buying may become an abuse which is hurtful to the interests of the growers by reason of the fact that competition in buying is diminished."—Southern Tobacco Journal.

Due to war conditions multiple buying during the duration will increase on the smaller markets and the grower having more than an acre should bear that fact in mind, and if not a long haul, sell it on an ESTABLISHED Market.

The Re-drying, Stemming and Storage Plants are located at Greeneville. Help conserve gas and rubber by selling direct on the Greeneville market.
