## KING-LAUGHRUN

Cpl. and Mrs. Kenneth C. Laughrun are making their home at 3415 Orange Street Riverside, Cal. following their wedding there on Jan. 5, 1945.

The bride is the former Miss Margaret Lois King of 207 East Chestnut St., Johnson City.

The Rev. McKee officiated at the wedding at the parsonage of the First Methodist church of Riverside. The bride's matron of honor was Mrs. Rita Gregory, and Lester Gregory, radio operator and close friend of the groom, was best man.

Mrs. Laughrun was married in a street length dress of aqua with black accessories. She is a 1943 graduate of Science Hill high school and was later employed as book keeper at a business firm in Johnson City.

Cpl. Laughrun, now stationed at March Field, Cal., is the son of Mr. and Mrs. I. R. Laughrun of Johnson City. He was also a former student at Science Hill and completed a radio course in Nashville and Memphis before going into the army in May, 1943.

He took his basic training at Keesler Field, Miss., and later took an engineering course at Sheppard Field, Texas before being assigned to Englewood, Cal. He satisfactorily completed the B-25 training and received his aerial engineer's wings. He then took training at Avon Park, Fla. and Fort Myers, Fla., where he received his gunner's wings.

Mrs. Laughrun plans to return to Johnson City to make her home with her parents, Mr. and Mrs. H. E. King, when Cpl. Laughrun goes overseas for duty.

## TOWN AND FARM IN WARTIME

### Russia to Raise More of Own Food

Russia will produce still more of her own vitally needed food this year as a result of 20,000 tons of seeds that have been furnished by the United States for Soviet spring plantings, according to War Food Administration. The tonnage is the first half of a delivery agreed upon for this year. The seeds will be used in the Ukraine, for the most part, the richest Soviet agricultural district, which, earlier in the war, was overrun to the extent of 150,000,000 acres by the Nazis. During the German retreat in 1943 and 1944 the Nazis carried out an effective policy of destruction of nearly 60,000,000 acres.

This seed help from the United States is made possible, incidentally, through the growth in this country of a practically new industry in America; in pre-war days this country was primarily a seed importer from European nations and never produced more than a fraction of the seed required to sow American crops. The war has radically changed this. Shipment of seeds to Russia means great savings in shipping space in contrast with the vessels

### POSTAL NOTES NOT CASHABLE OVERSEAS

Persons writing to service men and women overseas are urged not to send Postal Notes — simplified money order forms — to their husbands, sons, and sweethearts in the service overseas.

Although the postal notes went on sale by the Post Office Department on February 1, 1945, Navy post offices afloat and at overseas bases are not authorized to cash the notes.

They may only be cashed within the United States and are good for only two calendar months from the date of issue.
