posed to balancing it at the expense of the aged and poverty stricken.  
I am also interested in decreasing the needless deaths upon the highways of North Carolina. However, an automobile inspection law is not the answer to the problem. I am opposed to the enactment of another automobile inspection law.

The Democratic Convention of April 19, 1952, will have the right to select the next Board of Education of Yancey County. I take this opportunity to urge upon the Convention to select men whose tenure in office will not be in violation of the Constitution and Laws of North Carolina and who will have the interest of the people of the entire county at heart and not be dominated by a small selfish group.

I was born and reared in the rural sections of Yancey County. I know from personal experience the life of the farmers and laborers of Yancey County. For the past 17 years I have lived from my practice of law for the farmers and laborers of Yancey County. I have never represented a corporation or insurance company and have no intention of doing so. If elected at the close of the next General Assembly of North Carolina I expect to return and resume my work in my profession in this County.

I will appreciate the support of all honest Democrats in the coming Democratic Convention of Yancey County.

**All in the Game:**  
AN ODD FACT is that in the U.S., where males have adopted so many sports involving balls and ricks, field hockey still is primarily a game for college girls. . . .  
Harness horse racing involves horses with two gait—the pacer who thrusts out the right front and right rear legs at the same time and the trotter who uses the right fore leg and the rear left leg at once. . . . The Irish originated handball in the 10th century. . . . The greatest golfing family was that of Mike Turnesa, whose famous golfing sons were Mike, Jr., Frank Joe, Phil, Douglas, Jimmy and Willie. . . . "Bogey" was the first international term used in golf and was originally known as "Colonel Bogey". . . . Par is affixed by the architects of golf courses. . . . Ancient Chinese poets referred to a game somewhat like our football. . . . Tom Molineaux, a negro, was the first American ever to fight for a world's heavyweight title (1810). . . . Bowling is America's number one indoor sport.
