Yancey School Personnel At Educational Workshop

children are not in school is often interpreted to be a time when school personnel have little to do. Just the opposite is actually the fact of the matter. The summer months provide an opportunity for school personnel to spend some time acclimating themselves with the ever-changing educational concepts. The school administrators as well as teachers spend as much time as possible in upgrading their competencies.

One such effort, a workshop planned by the administrative personnel of Ashe, Avery, Alleghany, Alexander, Caldwell, Lenoir, Mitchell, Watauga,

Wilkes, North Wilkesboro, and Yancey school districts, is being attended by the following school personnel from Yancey County: Charlie M. Hensley, Cara W. Cox, Paula M. Higgins, Woodrow Anglin, Roy L. Anglin, Larry Howell, Boyd C. Deyton and Edgar Hunter.

This workshop is being held at Lee's McRae College in Banner Elk June 25-29. Over 150 participants are expected to be in attendance. The workshop is coordinated and sponsored by the Northwest Regional Education Center of Wilkesboro and the Appalachian Training Complex of Boone.

A Fund Raising Clinic is being sponsored by the Pisgah Girl Scout Council as a service to the United Fund in our community July 17. The Girl Scouts, a participating agency of the local United Fund recognizes the benefit it receives from the Fund efforts each year and through this clinic can be of additional service to the Fund.

Clinic leader is Mr. H. Mack Love, from Atlanta, member of National Girl Scout Staff. He has had 28 years experience in local community organiza tion and community fund raising for various community projects in all sections of the US.

He is a member of North Dekalb Rotary Club in Atlanta, Oak Grove Methodist Church. and National Association of Fund Raising Directors. Mr. Love's services are a part of the National Girl Scout Organiza tion's service provided to local Councils. His services are free to the local Council and are

Is Found And Returned

What would you do if you found a purse containing over \$400? Mrs. Fern Allen of Burnsville had no second thoughts "If I had lost that much money I would have wanted it returned," she said.

While on a Sunday afternoon drive with her husband, Mrs. Allen noticed a purse sitting on a car parked near the highway. After turning around a short distance from the parked car, Mrs. Allen noticed that the vehicle was gone. They didn't drive very far when they saw the purse and scattered contents lying in the center of Highway 19 near Newdale. After gathering the contents and the \$410 in the purse they began looking for the owner, but found no one at home at the house where the car had been parked.

When they returned later, they found Mrs. Glenda Canipe of Morganton distraught and in tears over the loss of the money because she knew someone had found the purse , hen it fell off the moving car.

A Sunday afternoon drive by the Allens saved the day for Glenda Canipe--and a lot of unhappy tears.

used frequently to help them do a more effective job in deve loping Girl Scouting. Flyers announcing the clinic have been distributed to United Fund personnel. Any person interested in attending may do so by contacting the Girl Scout Office by July 6th. The clinic will be held at Baker's Restaurant, Spruce Pine. It will begin with a dutch treat lunch at 12 noon and end at 5 p.m. There is no fee for the clinic.

Receive 'Business For Beauty' Award

Ye Olde Fabric Shop And Department Store, located on Man Street recently became the second firm in Yancey County to receive the "Business for Beauty" Award from the Burnsville Woman's Club. Several such awards are being presented by the club to encourage improved appearance standards by local businesses. Mrs. Ralph Jacks, Pesident of the Burnsville Woman's Club, made the presentation to Mr. and Mrs. I.E. Clevenger, owners of Ye Olde Fabric Shoppe. In renovating their business, the Clevengers use a colonial decor inside and out, with a wood shingle canopy and colonial sign on the front.

Summer Concert Presented In Burnsville Applauded By Enthusiastic Audience

An enthusiastic audience applauded the Celo Chamber Players at a concert held Sunday in the Presbyterian Church. Burnsville. This was the first in a series of summer concerts presented by Music in the Mountains.

Expressing satisfaction with Sunday's concert, Frank Ell. music director, commented, "The Mozart Trio, a lighthearted piece, full of beauti ful melodies, was ideal as an opening number. "

The Brahms Trio, described by Mr. Ell as "a piece of great depth", was given a moving performance by Ruth Geiger.

Mr. Ell and Eva Ell.

The thoroughly Russian Shostakovich Trio was played with great vigor by Jon Toth, Eva EII and Ruth Geiger.

The next concert is scheduled for Sunday, July 1, at 3:30 p. m. at the Presbyterian Church Burnsville. A Beethoven serenade will be followed by a Brahms trio.

Mr. Ell has pointed outthat "the serenade originally was a piece to be played at social gatherings. By Beethoven's time it had progressed beyond this and become a more formal composition, to be per-

formed in the concert hall. But it still retained its light character. Beethoven has accomplished this in his serenade for flute, violin and viola, "

Ruth Geiger, pianist in the forthcoming Brahms trio, has explained that "the horn trio, written by Brahms in his youth, is light-hearted. It is a virtuoso piece, difficult for each of the three players." As an interesting aside, she related "in one of Clara Shumann's letters to Brahms she professed admiration for the piece and described the last movement as starting off like a pistol shot."

Red Cross First Aid Course Designed To Instruct Mothers In Emergency Situations

By Ashton Chapman

Plans are being made to conduct a free Red Cross First Aid Course especially for mothers of Mitchell, Avery and Yancey Counties, the area served by the Mayland Chapter of the American Red Cross.

Earl Van Horn of Spruce Pine and Altamont, Chapter Chairman, said that the course is especially designed for mothers of infants, pre-schoolers and boys and girls of elementary and high school ages. They will be instructed how to act in all types of emergencies requiring

first aid, from removal of splinters to broken bones, accidental poisoning, etc.

The course will consist of five two hour sessions. Every mother who completes the course will know what immediate steps to take in minor cases; and, in more serious situations, what to do and NOT to do until the child can receive necessary treatment in a doctor's office or in the emergency room of a hospital.

There is no charge for this course, Mr. Van Horn said, except a nominal fee for a text

book on first aid, which will prove valuable, later, for reference when a need for immediate first aid care may arise and the mo ther is not certain she remembers exactly what she wastaught

The course will be given by a highly qualified Red Cross First Aid Instructor, All mother interested in enrolling in this important First Aid Course are invited to phone Mrs. Lillian Hollifield, Executive Secretary Mayland Red Cross Chapter, 414 Hemlock Ave., Spruce Pine. Telephone number is 765-2422
