DEPENDABILITY DOESN'T HAVE TO BE DULL

Any 1962 Dodge, full-size or compact, is proof of that. Every one has a rustproofed body. Every one has a quiet, new high-speed starter that puts less strain on the battery. Every one will go 32,000 miles between grease jobs. Dependable? There's never been a Dodge that wasn't. Dull? Drive one. They are swift automobiles. Our full-size Dodge Dart will accelerate 7% faster than last year's comparable model, do it on 5% less fuel. Our compact, Lancer GT, corners flat, handles neat, leaves the weak sisters cold. Every 1962 Dodge has chair-high seats and good looking interiors. Drive **THE NEW LEAN BREED OF DODGE**
