## Butch Sursavage Signs As Clemson Footballer

ANDREWS - Butch Sursavage became the first Andrews High School griddier in the school's history to sign a full grant-in-aid pact with an Atlantic Coast Conference school as he signed this week with Clemson College.

The grant-in-aid will cover all costs at Clemson for tuition, room and board, books and other fees for four years, plus an optional extension of the grant for an extra year for the Andrews footballer.

Although Andrews is known throughout the State as a football powerhouse in Class A competition, few gridgers have had college aid offers. Bob Cooper signed with Western Carolina in 1957 and Terry Postell has played for Lees-McRae and Mars Hill.

However, this year was an exception as recruiters from many major colleges have visited the High School and have talked with Sursavage and his teammate John Gernert.

Sursavage was first contacted by Clemson during his sophomore year shortly after making the WNC All-Scholastic second team. They have kept in touch since then.

The 6'3" - 205-pound end has visited a number of college campuses in recent weeks and admitted that selection of his future school was a difficult decision.

Sursavage stated that he has had a tremendous respect for the Tigers for several years. He likes the coaches and freshmen athletes he has met. He also likes staying close to WNC.

Sursavage also participates in basketball, having made All-Conference last season, and is a member of the track team.

In considering the recognition he has received, he expressed appreciation to his coaches, "Pee Wee" Hamilton and Cecil Mashburn, who, he believes, bring out the best in an athlete in both performance and character.

He also had high praise for his teammates who showed their ambition and ability as they romped through Western District play-offs.

Butch (whose name is actually Joseph, Jr.) is the son of Mr. and Mrs. Joseph Sursavage.

## Residents Vote For Housing

ANDREWS - At a public meeting here Monday, Jan. 13, residents of the town voted unanimously in favor of a Federal Housing Project for the town.

Following the vote, the Board of Aldermen requested the Federal Housing Authority in Atlanta to make a survey of the town to determine whether or not there is a need for a Federal Housing project here.

A petition signed by 49 residents of the town was presented to the Board of Aldermen December 19 requesting the meeting and vote on the project.

The number of persons signing the petition was 24 more than the number required by the FHA.

Despite snowy and icy weather, a large crowd of citizens was on hand for the hearing and vote, and a discussion of the needs for a housing project here preceded the vote.

## First Baptist To Observe Men's Day

ANDREWS - The spotlight will focus on men when members of First Baptist Church, Andrews, observe Baptist Men's Day January 26.

Announcement of the special emphasis was made by the Rev. Thomas C. Christmas, pastor of the church.

An estimated 15,000 churches throughout the Southern Baptist Convention will recognize their men for past service on this special day.

Observance of Baptist Men's Day as an annual event began in Baptist Churches in 1933. It was known then as Layman's Day. The name was changed officially last year to Baptist Men's Day to include all the men, including the pastor.

Among the features planned will be a breakfast, Christian testimonies, and messages at both worship services, a men's chorus, and recognition of all the laymen.

Baptist Men's Day is sponsored by the Church Brotherhood. Lee Pullum is Brotherhood President.
