MESSES. R. L. HERBERT and oth ers, Committee on Invitation, Murphy, N. C. Gents:-I received this morning

your invitation to meet with the citizens of Murphy, and Cherokee county North Carolina on the 23rd inst. to participate in celebrating the completion of the Western North Carolina Railroad to Murphy. A business engagement to meet parties here on that day, which I cannot now alter, prevents my acceptance of your invitation.

In behalf of the Chamber of Commerce of the City, I congratulate Murphy, and the strong arms and stout hearts of those who have fought "the world the flesh and the devil" larly waited. for her realization of this step in the future.

"Go West and grow up with the country" is rapidly beaming. "Go pate with them in their rejoitings, South and grow up with the country." and renewing my warmest congratu-"East and West lines" are no longer the only paying lines. The last ten years have shown the largest united I am with sentiments of highest esgrowth on "North and South lines." teem. Southward "the Star of Empire' points the way. Experience teaches that few "East and West lines" pay, unless they are fed in by feeding to "North and South lines."

Now, that your line to Savannah and Norfolk is completed, your next line is the Murphy and Chattanooga

.I hope Chattanooga may have the opportunity before many years have bassed, to unite the good people of Murphy and Cherokee county, to join with us to celebrate the opening and the completion of the Murphy and Chattanooga Railroad.

Thanking you for the kind invita tion to be with you on 23rd inst. Yours truly,

TOMLINSON FORT.

Will It Be Bottled Up?

We clip the following from the Constitution of 29th:

Will the Marrietta and North Lv. Atlanta eorgia railroad be bottled up this side of Knoxville?

It is rumored in railroad circles that matters between that road and the East Tennessee are not satisfact ory, and unless something is done the road will not be permitted to cross the Tennessee river.

At present the road goes into Knoxville over the Marysville branch of the East Tennessee. If the consent of the East Tennessee is withdrawn, there will be nothing left for the Marrietta and North Georgia railroad to do but to build its own bridge across the Tennessee or stay out of Knoxville.

The road being in the hands of a receiver in no way could the necessary bridge and track be built except by issuing receiver's certificates.

A call was made yesterday on Judge Henry B. Tompkius, to ascertain the truth of the rumor, but it was found that he was out of the city, having gone to Knoxville.

Judge Tompkins represents the bondholders, and it is presumed that he is now in Knexville for the purpose of seeing if existing differences cannot be adjusted.
