and Homer Hughes, Everett English, Ben Palmer, Richard Howell and Jack Crawford. Ivie Funeral Home was in charge.

Cherokee Scout & Clay County Progress, Thurs. Jan. 7, 1965

Letters To Editor

Dear Sir:

I am writing to inform you of my change of address. I would also like to pass on to you a few of my personal views

concerning The Cherokee Scout. We think it is a wonderful news media for that part of the country and look forward with the greatest of pleasure each week for the delivery of the

We built a new home in the country about 10 miles from Dayton. As a result we have been receiving the Scout late. This prompted me to send you our new address and to wish the entire staffa most prosperous and happy new year.

Please continue the great job in gathering and printing the news of that area. It means a great deal to me and my family since we are from that

family since we are from Route 1, Marble, or Vengeance Creek.

We don't write and don't receive much mail from our folks who live there, therefore, the news we get from the Scout is most welcome.

I have been in Dayton almost 12 years and am supervisor with Inland Mfg. Div., General Motors Corp. It is nice here but we still miss home. Would it be possibel to have more Marble and Vengeance Creek news in the Scout? We have parents and relatives living there.

Please continue the great job in 1965 that has been done in the past years.

H. A. Rogers, Jr. Dayton, Ohio.

Dear Sir:

The people in Clay County are very much dissatisfied with our paper. The local news that is sent in is hardly ever printed. I've heard of several people

away who were former residents of Clay County who have cancelled their subscriptions because there wasn't more news from Clay County. Sincerely,

Mrs. C. A. Auberry

I write a few items most evry week for the Progress. Maybe three times out of five I will find a part of them in the

People in my community ask me quite often why I do not send anything to the paper any more. I have friends and relatives in different states who have been taking the paper. They also want to know why Clay County gets such a small space. It really is priced quite high for one small page.

I have taken the paper for all the time we have ever had a county paper. I have also written from my community for the same period of time.

Won't you please print a few more personal mention items because Clay County people who live in other parts now want to read of their friends back home.

We have many shut-ins wo also look forward each week for only the part where they can see what their friends have done.

Mrs. Cline E. McClure

Mr. Editor:

An era has passed. Another chapter in the history of Murphy and Cherokee County has come to an end.

In his own Inimitable manner and words of welcome. strangers were not strangers for long. Tired and weary business men and women have shed their burdens sitting in the shade of the trees overlooking the lake, always under the watchful eyes of the Host, who would see that everyone was without want.

To the fisherman- fish at all times, "Jumping in the Boat". Tackle and bait not needed. To the hungry, steaks were always cooked just the way you liked them, and the Johnston County

Slaw was a delicacy unmatched anywhere. Hundreds, yes, perhaps thousands will be saddened when they learn of the death of this man. My life has been made richer for having known and

loved him. The Lodge will never the same. GUS WHITLEY will be miss-

J. H. Duncan.
