## Drag Race Blamed As Cause Of Wreck

Drag racing was reported by police as the cause of a spectacular wreck in Murphy early Sunday afternoon.

Murphy Policeman John Palmer said two Mercury Comets apparently started racing on the lower end of Tennessee Street and almost hit the town police cruiser as they went through the intersection at the square and headed up Peachtree Street.

Officer Palmer said he pursued them in the town police car and he estimated their speed in excess of 80 miles an hour. One made the sharp curve at the

east end of Peachtree Street and the second car ran off in a yard, demolishing its front end.

The policeman said the wrecked 1965 Comet is owned by Dorothy Webster of Route 1, Culberson, who said her son, Tim Hamby, 18, had left her house with the car earlier in the day. Hamby, who suffered a cut on the head in the crash, was found at the scene. The officer said the other youths in the car fled on foot after the wreck and young Hamby denied driving at the time of the accident.

No charges have been filed pending further investigation of the accident.
