

You attract more charitable gifts.

We'll handle all the yucky stuff.

With all those potential donors out there, who wants to mess with charitable funds administration?

Well, actually, we do. For over twenty years, Wachovia Charitable Funds Management has worked exclusively with nonprofit institutions and trusts. Providing accounting and tax support. Employing real estate, tax and legal specialists. And understanding the subtleties of investing for pooled income funds, gift annuities and remainder trusts. It's what we do best.

So call 1-800-462-7159. We'll give you more time for what you do best.
