If no winner for the \$100.00 we will draw for \$20.00 until we get a winner

FRIGIDAIRE TO SHOW NEW MODELS ON FEBRUARY

Will be on Display at Morris and Ledbetter; Public Urged to Come and See New Models

Science has scored another remarkable victory by presenting to the world a group of thrilling new features in automatic refrigeration according to Morris and Ledbetter, Frigidaire dealers who have just returned from the national convention sponsored by the manufacturer of their product.

They were one of a group of hundreds of dealers and their salesmen who were present at an all-day session at Roanoke, Va. Officials of the Frigidaire factories of Dayton, Ohio, accompanied by a corps of their assistants, staged a spectacular presentation, during which new products and new sales plans for the coming year were outlined for the men comprising the field selling force.

"This year," he said, "the Frigidaire manufacturing organization has succeeded in doing what few of us had thought possible, and that was to produce a product that represents definite forward strides over a product which was conceded by hundreds of thousands of people to be the finest refrigerator that man knew how to build.

"Refusing last year to claim public attention by flourishing any single spectacular feature at the expense of other desirable services in home refrigeration, and pressing forward on the grounds of meeting all of five excepted standards established for a refrigerator, Frigidaire for 1937 surpasses its own record and this year reaches undreamed of heights in making an automatic refrigerator a real home utility instead of a glorified gadget produced largely to fascinate visitors instead of serving the owners.

"This year we have a great story for the world—much greater than I had dared hope. Briefly, it's a story of greater protect-ability, greater ice-ability, greater storage-ability, greater depend-ability, and greater save-ability. These expressions are not just names of new features. They are designations of basic service which no single feature can provide. And in the light of the new development of this year's Frigidaire, no home refrigeration

NEGRO FARMERS MET FRIDAY IN COURTHOUSE HERE

Many Different Committees Named and Officials Selected

By C. J. Ford

A county planning and outlook meeting was held for the Negro farmers and farm women, in the Courthouse, Friday, February 12th., states C. J. Ford. The purpose of the meeting, was to acquaint the farmers with the plan of work for the year and ask their cooperation in taking it to every farmer in the county, land owner or tenant.

Fifty farmers and farm women were invited to attend the meeting, from various sections of the county. All present were placed on the following committees: Agronomy, foods preservation and garden, sils, agricultural engineering, forestry, swine, cooperative buying and selling, home beautification, county activities and recreation, poultry, dairying and horticulture. The Committees appointed their chairman as follows: A. M. Jones, Agr. Teacher, J. G. Fountain, Daisy Woods, James Talley, A. D. Royster, T. H. Jeffers, Glennie Thomas, Theron Jeffers, Dee A. Clay, Pearl H. Pittman and Nat Villines.

Mr. H. K. Sanders, County Agent, and District Agent J. W. Mitchell addressed the group, and according to the response coming from the audience, their messages went to heart, heads and hands of all present. District Agent J. W. Mitchell has been holding such meetings since early in January and his rich experience, personal experiences coupled with his ability held the men and women with great interest.

The meat canning demonstration, held at Woodsdale school Saturday, by Mary P. Turner, was a great success. The local women organized a canning club, electing the following officers: Mary Drumwright, pres., Beulah Baird, vice-pres., V. A. Brooks, Sec., Ida Mitchell, Assist. Sec., and Kinnie DeShazo, tres.

Just as soon as you get in your

service is complete without them all.

"This is the gripping story that we are preparing to outline and prove to every interested person at the first showing of the new models which will be available for inspection on Feb. 15th.

fields, sow lespedeza in wheat, let it remain for two years, turn under and plant to corn the third year.

FIRST BAPTIST CHURCH

MEETING TROUBLE
Has some trouble come your way?
Rise above it.
Do you fear what people say?
Rise above it.
Never let your worries win,
Greet misfortune with a grin,
Square your shoulders, lift your chin.

Rise above it
Does life's danger give you fright?
Rise above it.
Don't lie down without a fight,
Rise above it.
Never let your courage wane,
Treat defeat with cold disdain,
Show your spunk and fight again,
Rise above it.

Banking — IN HIS DAY AND IN OURS

DURING Washington's lifetime the first incorporated and permanently organized bank in the United States was chartered. This institution, known as the Bank of North America, began business in Philadelphia in 1782. It was during Washington's administration, in 1793, that the United States mint was founded.

Today there are more than 15,000 chartered banks in the country. Deposits in our banks exceed 34 billion dollars. Last year there were more than 42 million savings depositors in the banks of the United States.

This bank is an active, working unit of our nationwide banking system. Day in and day out we endeavor to render useful, needed financial services to the people of our community.
