The Black Mountain News cannot agree to advertising, but we have the sincere faith in every business man who advetises with us, to advertise his merchandise exactly as it really is.

We will bar from our columns any advertising that is intended to try to deceive our people. We will not lead our advertisers to believe that we have a large circulation in order to get their advertising. Our circulation list shall be open to the public

The Black Mountain News is here for the interests of Black Mountain and Swannanoa and their surroundings. We assure you that, with your support and Gods help that we will endever to give you all the news of our two cities and their vicinities, and by following the doings of our people and by our daily associations and through our columns, because we are interested in them as people, and because of their actions we see our own

We as average townsman, are interested most in our homes and wha goes on within a few miles of our center. It is more important than anything in the world. The interest that we all take makes a better community

SERIOUS BUSINESS

This is a good time, itseems, to have a look at the results of the battle against inflation, and to map strategy for the next few months' fight against this ever strengthing enemy. The difficult job of holding the line against inflation continues to require teamwork between OPA, Business and all Americans-housekeepers, farmers, laborerers, and office workers- for savings, investment plan and living standards of all are at stake,

All of us must stay on the job until we are no longer needed- the wa is only half won- ask the men who are being transferred from combat in Europe to Japan. Having won the fight against inflation thus far it would be the height of stupidity to relax price controls now.
