I want to tell you how much we appreciate the interest you have taken in our community. We enjoy writing these articles and in some way, we would like to tell you how much we appreciate your printing them.

The students here in Swannanoa School might know something that would be news to some older person and in any way that we could help them, we would be glad to, and we know that they can help us.

Bette Gibbs

We play Black Mountain Wednesday week and its going to be tough. The two teams tied when they played here. I guess most of the people around here remember when Black Mountain and Swannanoa use to fight at every ball game. And for several years the two teams couldn't play each other and most of the fights were strated by people who didn't even come to school. So what I'm trying to say is that both schools would like the co-operation of all, because both teams, in my opinion, are good sports and we would like for both teams to meet in basketball.

The Swannanoa F. F. A. boys which are the "Future Farmers of America" are going to a Baby Beef sale Friday October 20 at Asheville, N. C. The judges will be Thursday but the boy will not be able to attend it. It is made up of F. F. A. from all over the state and it is backed by the bonds. Its purpose is to try to get boys to raise more calves. There is prizes for the ones who win and are choosen the best. The calf choosen the best, bought 51 cent a pound last year.

We are proud of the churches we have in Swannanoa and the people who live in our community and our school and the nice teachers we have.

The Riceville section needs some kind of recreation for the young boys and girls in the community.

We enjoy your paper very much and think it is nice.

I want to tell you about the things. We in the Swannanoa Valley are proud of. We are proud of the privelege of going to a fine school. We are proud of our clean school. Our Beacon Mill did a very important job in the awr effort. We are proud of that too. We are proud how the people give to the Red Cross and U. S. O. To help the boys overseas, we buy war bonds

I wish to praise you on the Black Mountain News. I like to read it very well.

Margaret Ann Mickles, my girl friend from Marion came up to visit me. We had a wonderful time and I would like for her to come again.

Some of the things that we are proud of in Swannanoa are the fine people we have and how nice they cooperate in helping each other building up our community. We also have many fine teachers and a fine school to go too. We are proud of our stores and the people who operate them.

**SILVER BROTHERS
HOME ON FURLOUGH**

PFC. SHELBY LEE SILVER

Pfc. Shelby Lee Silvers is spending a 45 day furlough. He has been stationed in California for the past months. He is to report back at Fort Jackson, S. C., after the completion of his furlough. They are the sons of Mr. and Mrs. T. C. Silvers of Patrick, Ohio and the brothers of Miss Lilly Mae Silvers of Swannanoa.

Recalling the Reserves

To the Editor of the News: Many would be interested to know a couple of facts. Of the 900,000 army men who have been discharged, 30,000 have been placed in the enlisted reserve corps. During the month of September these were all recalled.

Many of these men are close to thirty-eight years of age, some have sixty or more points for a discharge. But these men are being called and sent to different camps over the country.

Johnny Sawyer

They are building a new church in our community. It is a Baptist Church near the Bee Tree Cemetery.

We had a meeting last week and it was a very good one. Because we had sixteen to join the Church and were baptized Sunday.
