Mr. and Mrs. Roy Alexander and Dr. and Mrs. Hubert Clapp motored to Athens, Georgia, Saturday to attend the North Carolina-Georgia football game.

It was with mingled feelings of happiness and regret that Mr. and Mrs. W. E. Burnette packed their furniture and their memories Monday morning to move from the little white house that has been home to them for 20 years. But Mr. and Mrs. Burnette are not losing their good neighbors, for the distance is short to the modern new 8-room and bath they are completing on their 100 acre mountain tract (formerly the old John Boone home) near Bee Tree Christian church.

Mrs. Arnold Powell was guest speaker at a supper of Fairview P.T.A. in honor of the new teachers at Fairview school.

Mrs. C. K. Siler of Sand Hill high school and Mrs. Hall Weir of Valley Springs school, members of the executive board of the Buncombe County Council of the P.T.A. were luncheon guests of Mrs. Arnold Powell.

They planned their year's work for the council.

### Hints To HOMEMAKERS

One way of attaining a more successful home life is by the provision of a family council. Let all members of the household join in this council and meet once a week to discuss common problems. This will give anyone with a grievance an opportunity to bring it before the group, where it is usually ironed out with no difficulty.

A good dinner served amid peaceful surroundings and in an atmosphere of security is no small contribution to family life. Keep the table-talk constructive and mix with the baked beans and angel cake plenty of love, laughter, and understanding. Thus will the dinner hour be made a much-looked-forward-to event in your home.

After cutting flowers from the garden, place in water almost to the blossoms. Insert scissors under water and cut off small portion of the stem. Keep stems under water until flowers become turgid and stand up well for artistic arranging.

Have you tried a little Chlorox in the water to keep it fresh and keep down the odor from decaying stems and leaves.

A little dry mustard or salt rubbed on the hands and then rinsed off will remove onion odors.

To remove onion or fish odors from pans in which those and odoriferous foods have been cooked, wash the pans in hot soapy water to which one or two tablespoons of vinegar have been added.
