

## Lions Told Of Youth Program

Eugene Byrd, Black Mountain high school coach, told the Lions at their last meeting of the youth activities program which was carried out here last summer under the sponsorship of the Buncombe county community chest.

"The intention is," Mr. Byrd said, "to organize a year around program for the community for all age groups, including softball, tag football, basketball, horseshoe pitching, singing conventions, and other forms of recreation."

"The past summer the young people of the community were divided into several age groups and each group had time set aside at the swimming pool, playground, and at the gym."

In closing the high school coach pointed out the need for a program of this kind and expressed hope that the entire community would back the plan to make this program available throughout the year to the people of the community. The Buncombe county community chest, which sponsored the program last summer, has shown much interest in the project and has asked that the budget be submitted for consideration.
