## SOMETHING NEW.

It is a great pleasure to me to be able to place something new before my friends day by day. I love to offer new attractions. I am able to do this by carrying such a mammoth stock.

And then, too, I am glad that my goods go so cheap. I buy large lots, sell them cheap and quick, and buy again. In this way

## I MAKE MORE MONEY,

and

## YOU BUY CHEAPER

than from other dealers.

This is why I have such a tremendous trade.

Today I will show an elegant new line of those popular

Silk Plush Parlor Suits.  
Silk Plush Parlor Suits.

These suits have just been received, are of the newest styles and are very pretty.

I offer a Silk Plush Parlor Suit in Cherry frame for \$40.

A very handsome walnut frame suit, silk plush, worth \$75 I will sell at a bargain. I can afford to do it, and the first person who plunks down \$60 will get this suit. It's a bargain. Don't miss it.

Call at

**E. M. ANDREWS**  
Great Furniture Store  
and examine these bargains.

**The Weather Report.**  
WASHINGTON, D. C., June 18.—Forecast for North Carolina: Fair, except rain on coast; stationary temperature; southerly winds.

## THE GEOLOGICAL SURVEY.

Conference of the State Geologist and the Board of Managers Yesterday.

An Assistant Elected.

The Board of Managers of the Geological Survey—Governor Holt, Col. Elias Carr, and Maj. J. Turner Morehead—met in the Executive office yesterday afternoon at four o'clock. The State Geologist, Prof. Holmes, reported to the board that the active work of the State survey had already begun, and that the U. S. Geographical survey had placed a party in the field which was pushing the work of making the map of the State. This map has been completed for the mountain counties and the arrangement with the U. S. survey is that the State survey work is mostly in the region already mapped, beginning along the Tennessee line and working eastward. The board also approved of the recommendation that the geologist's exploration of each county be made as thorough as possible so as to give the work an enduring value.

H. B. C. Hitt was appointed assistant geologist in charge of the investigation of iron and coal deposits, and the board meets again on July 1st to consider the propriety of purchasing a diamond drill for use in these explorations.

## THE PRESIDENT WAS NOT SHOT.

Current Price Denies the Report of the Shooting at Hippolite.

New York, June 18.—Hayden Consul Price said today that there was not the slightest foundation for the statement that President Hippolite had been shot; that he had received mail from Paris at Prince of Wales Gate and that his advice indicated that everything was tranquil there and that government and business affairs were being transacted as usual. "Were Hippolite shot," said Price, "many merchants in this city would have been notified of that event by cable ere this."

## WHAT IS IN THE TREASURY

THE EXPENDITURES OF THE GOVERNMENT EXCEED ITS REVENUES BY \$188,000 THIS MONTH.

## THE FINANCIAL SITUATION.

Secretary Foster Says Silver Coinage Will Be Discretionary With Him After July 1st.

WASHINGTON, June 18.—The Treasurer's statement issued today shows that the cash balance is \$44,415,000, of which \$23,029,000 is on deposit with national banks and \$20,386,000 is in fractional silver, deducting which items the net cash balance is but \$1,235,000 which is the lowest figure yet reached. It is said that the treasurer's statement to-morrow will show a deficiency of \$500,000 instead of the usual net cash balance. This is the first time this has occurred since the present form of statement was adopted by Treasurer Jordan.

In making this calculation, however, no account is taken of \$23,000,000 on deposit in national banks and \$30,000,000 fractional silver in the treasury. Expenditures so far this month have been \$1,188,524 in excess of entire revenues of the government during same period, amounting to \$1,231,528. These were exceeded by pension payments alone, which amounted to \$18,512,155. Treasury officials say that expenditures during the remainder of the month will be light and that the receipts will be sufficiently heavy to overcome present excess of expenditures and leave a small surplus for the month. These same officials say that the treasurer's statement to-morrow will not include receipts during the past two days and that if it did an actual surplus of \$200,000 would be shown instead of a deficiency.

A meeting of the cabinet will be held on the 20th inst., for the purpose of considering the financial situation especially with reference to the extension of the 4 per cent loan and continued coinage of silver after the first proximo. The President and Secretary Foster have arranged to be in Washington next Thursday. Secretary Foster, in his speech written for delivery at the Ohio Republican State Convention, paid particular attention to the silver question, and made a special point in regard to coinage, calling attention to the fact that after the first of July next it will be discretionary with the Secretary of the Treasury as to whether or not to issue a strong sentiment against suspending silver coinage on the date named and it is within range of probability that coinage will be continued after July 1st for a while at least.

## To Execute the Behring Sea Settlement.

VICTORIA, B. C., June 18.—News received from Washington in regard to agreement between British and American governments as to the close of the season in Behring Sea during the present year has been confirmed from British sources. Captain Turner of H. M. S. Nympha has received a telegram instructing him to proceed north and there to carry out his instructions which are understood to be of the same character as those given to commanders of United States cutters. H. M. S. Porpoise, now on China station, has been ordered to the same place, the two ships to meet at a point in the Behring sea previously agreed upon. Nympha's orders are for a three months' cruise and she will be ready to sail in about ten days. It is also believed that the warship Porpoise will go north on the same mission, striking the British war vessels to co-operate with American cruisers in enforcing the agreement.

## Gen. Wickham's Statue.

RICHMOND, Va., June 17.—The bronze statue of the late General William C. Wickham has been completed and is ready for delivery to the city. It is thought that it will be placed in Monroe park.

## BUFORD HOTEL ARRIVALS.

NORTH CAROLINA: Fride Jones, Blair Jenkins, M. S. Hamill, J. E. Moseley, Theodor Bradburn, and daughter, W. F. Parker, J. S. Bundy.

Calley, E. Mahoney, J. G. L. Gresham, O. C. Carlow, O. W. Bruner, W. B. Barker, N. M. Calhoun, Thos. D. Moss, R. W. Col. Hiss, J. D. Crown, Geo. W. Meredith, Geo. F. Welch, O. N. Simpson, J. W. McLean, J. O. Freeland, J. D. Barron, E. A. Ebert, H. G. Tyson, J. S. Bundy, W. T. Parker.

## He Could Not Accept.

Rev. Mr. Maxwell, to whom a call was extended to become pastor of Graham Street Presbyterian church, yesterday notified the session of the church of his inability to accept the call.

J. M. Hagler, colored, died at his residence, corner E. 1st and D streets, at 11:30 last night.

## FREE MAIL DELIVERY FOR WINSTON.

The Twin City Preparing for the N. C. Press Convention.

Special to THE CHRONICLE.  
WINSTON SALEM, N. C., June 18.—The Chamber of Commerce held an important meeting here this week. It took up the question of a free mail delivery for Winston, and appointed a committee to wait on the Mayor and Aldermen and insist upon immediate action looking to the establishment of said system.

The question of the Press Convention which is to meet in Winston in July, was also taken up and discussed and the president was requested to appoint a committee of arrangements. This committee was appointed today and it will go to work at once to arrange for a royal reception of the newspaper men when they assemble here.

Your correspondent had an interesting conversation with Rev. Samuel Rothrock, D. D., a retired Lutheran minister who resides in Rowan county. He is now nearing his 82nd mile post in life; has been in the ministry for 38 years, and with the exception of one twelve months he has served on the same Circuit in Rowan for 56 years. During these years he has married over 450 couples, among whom were parents of children, grand children, cousins, aunts, uncles, and in several instances he has tied the knot for the same persons two and three times. Dr. Rothrock's visit to Winston was one of interest to him, as he was permitted to be with his only two sisters, Mrs. H. K. Thomas of this city, and Mrs. Saloma Peeler, of Davidson county, both of whom have reached venerable ages, being respectively 83 and 74 years.

The biggest wreck that has ever happened on the C. F. & Y. V. railroad occurred near Madison Tuesday. A box car was in front of the engine and when it struck a defective rail it jumped off on one side of the track and the engine turned upside down on the other. The engineer and a passenger who was riding on the tender were painfully injured. The engine was damaged badly.

Your correspondent was in Mr. Airy a few days ago and was surprised to note the rapid advancement that town is making. The scenery here too is grand, and will equal, if not surpass that around Asheville. From "Arlington Heights," in the Western part of the town one can look into five or six adjoining counties. From this point can also be seen the following mountain ranges: Blue Ridge, Peeters Peak, Saddle Fancy Gap, Skull Cap, Peckett's Knob, State Line, Sauratown, Pilot and Chestnut Ridge.

An engineer of the Danville and East Tennessee railroad arrived in Mt. Airy a day or two ago with a force of men, and commenced making a survey of the line to Danville.

The people up the line to Danville are very much interested in the project.

Forrest in the legislature in 1879, died Tuesday at his home near Kernersville.

W. H. Funk, the artist who lived in Charlotte last year is here doing some creditable work for our people.

Theo. Allen, of New York, who represents the American Tobacco Trust is still in Winston trying to "Gobble up" several of our big pulp factories. His visit here however, has been in vain, as a prominent manufacturer told THE CHRONICLE man today that they did not propose to take any stock in the above concern.

## MONROE MUTTON CHOPS.

The Crops Reported to Be Improving Very Much.

Special to THE CHRONICLE.  
MONROE, N. C., June 18.—The merchants here have returned to the former plan of closing their stores and places of business at any hour of the evening to suit themselves. An agreement was made among them some time ago to close at 6:30, but some thought it unfair as it was alleged dry goods were being sold by some after the time for closing. A gap being thrown down the whole gang marched out through it and every one now closes when he pleases.

The crops are doing much better than people expected, especially in this immediate section. Farmers report that crops are rather late and some places the cotton did not come up well, but with a favorable season and plenty of work an average crop of all farm produce is looked for. The cotton crop may be a little short, but there is enough kept over from last year's crop to make up the deficiency.

Willie Stewart, the music dealer at this place has gone to Stanly county where he will be married this evening to Miss Hortense Davis. Mr. Stewart is blind, and as is usually the case a most talented musician. He has several times been asked to accompany opera troops, but has always declined as he does not like a migratory life. Monroe will be their home.

The mammoth lawn party of the season is to be given this evening in the large and beautiful grove around the residence of Mr. J. C. Blakemore. About two hundred couples are paraded off to go. It will be by far the largest lawn party on record at this place. It is in fact a night picnic. Refreshments of all kinds will be served and the proceeds turned over to the Ladies' Aid Society of the Presbyterian church.

## The Jefferson Davis Monument Fund.

Yesterday THE CHRONICLE collected \$10.35 for the Jefferson Davis monument fund.

Gen. E. Barringer, \$5.00.  
Col. Wm. Johnston, 5.00.  
Cash, .35

\$10.35.

The CHRONICLE will still receive funds and forward them to the proper authority.

## They Left This Morning.

The following party left this morning for Morehead: Mrs. A. F. Rhyne and daughter, Miss Oussie, of Mt. Holly, Miss Susie Hoffman and Miss Mary Withers.

## A SOLICITING COMMITTEE,

IN RALEIGH TO COLLECT FUNDS FOR THE JEFFERSON DAVIS MONUMENT.

## SYMPATHY FOR MRS. GLENNAN.

A Great Horse Race to Come Off in Raleigh on July 4th.

Special to THE CHRONICLE.  
RALEIGH, N. C., June 18.—There is a proposition on foot to appoint a soliciting committee here for the purpose of raising funds for the Jefferson Davis monument. It is thought that a snug sum can be raised for the purpose.

The Governor today made the following appointments: W. G. Campbell, Captain Co. G, 4th regiment; P. S. Vaughan, 3d Lieutenant Co. E, 1st regiment; Robt. S. Young, Major and Assistant Inspector General.

Aljstant General Glenn left today to attend the encampment of the National Guard. The 7th New York City regiment will be in camp.

Fewer mortgages are being recorded in this county than for several years past. The books of the Register of Deeds also show that a larger number have been cancelled. This is an encouraging sign, the effects of the good crop last year.

There is much sympathy expressed here for Mrs. Glewnan, a daughter of the late Wm. Kenneth Bagner. She has been in feeble health for some time past, and recently came to Raleigh in the hope of recuperation, bringing with her two little daughters. A few days since one of these suddenly sickened and died, and now another is at the point of death. Mrs. Glewnan's husband is off on the frontier in military service. Of course kind friends are attending her in a most creditable manner, but still she is a comparative stranger here, although a happy childhood was spent in luxurious and refined circles in Raleigh.

The full organization of the Grimm Brown Stone Company is expected to be of much benefit to this community in the matter of building. It is a matter of surprise that the stone has been so little utilized here, as it is known to exist in considerable quantity in the Western part of Wake.

The races to come off here on the 4th of July are attracting much attention, and a very large number of applications have been made for entries. Some of the best stock in the county is being banded. It is hoped that a considerable number of entries will be made.

It is thought that Thos. M. Mason, of the Railroad Commission will accept the invitation to deliver an address here on the 4th of July. It is suggested to be an opportune time for inaugurating the movement to raise funds for the Jefferson monument.

## BUREAU OF HEALTH, SANITATION, CLIMATOLOGY.

The Southern Immigration Will Establish such a Bureau.

Special to THE CHRONICLE.  
RALEIGH, N. C., June 18.—The Southern Inter-State Immigration Bureau has established a department of health sanitation and climatology, receiving the co-operation of the Southern Medical organizations. It will furnish applicants with data on climatology and sanitary condition of any part of the South. The office will be either at Knoxville, Atlanta or Asheville.

## Quarterly Report of Penitentiary.

RALEIGH, N. C., June 18.—P. F. Faas, president of the board of directors of the State penitentiary, today submitted to the Governor, the quarterly report of the operations of the institution for the quarter ending May 31st. Earnings for March, \$1,545,728, April, \$1,667,508, May, \$1,800,244. Expenses March, \$1,538,165, April, \$1,696,154, May, \$1,516,388. Earnings over expenses \$101,976.

## The Emperor and Bismarck.

The Forum for July will contain a review of the policy and an estimate of the character of the young Emperor of Germany, by F. Heinrich Gelfokan, Imperial Privy Councillor, who explains in detail the diplomatic of Bismarck and the relations between the Emperor and the ex-Chancellor. This article is one of the most important ever contributed to an American review.

## THE FUNERAL OF ELANOR WILLIAMS

Attended By a Number of White Persons—Floral Offerings From White and Black.

The funeral of Eleanor Williams occurred in the First Baptist church, colored on Church street, and was largely attended. There were a number of white persons present, conspicuously Dr. Brantley, of Baltimore, Col. and Mrs. Jno. L. Morehead, and family, with whom the deceased had lived. The remains were enclosed in a handsome cloth casket with silver mountings. The entire top of the casket was covered with beautiful floral offerings, some of which were from friends of Mrs. Morehead. The service was conducted by Rev. Mr. Powell, colored, who made a very appropriate and feeling address.

The pall bearers were, J. A. McLaw, I. Brown, S. Gaffney, Monroe Coitre, Mitchell Gaffney, J. Huskey.

## Baseball Yesterday.

At Washington—Heavy rain stopped game at beginning of fourth inning; the game then stood 8 to 6 in favor of Baltimore.

At Cincinnati—Cincinnati 6; St. Louis 6.

At Louisville—Louisville 2; Columbus 8.

At Cleveland—Cleveland 8; Chicago 13.

## FATAL BALLOON TRIP.

Its Manager Falls Out and It Carries Two Persons to Telling.

PARIS, June 18.—A fatal balloon trip resulting almost to a certainty in the loss of three lives occurred at Laville yesterday. A balloon containing a professional aeronaut and two other persons made the ascent about midday from Laville, the aerial venture being witnessed by crowds of people.

When the balloon had reached a height of not more than sixty feet from the ground the aeronaut, who had been busily engaged about the side of the car, was seen to suddenly lose his balance, make a desperate effort to regain it and fall whirling to the earth. He was picked up so terribly injured that it is said there is no prospect of saving his life.

In the meanwhile the balloon and its remaining occupants, both of whom were utterly ignorant of the manner in which a balloon is handled, mounted up higher and higher into the air growing smaller and smaller to the right until it was finally lost sight of entirely among the clouds. Government officials have telegraphed to Prefects in outlying departments to make all inquiries possible in regard to the fate of the two occupants of the balloon. But up to this morning nothing had been heard of their whereabouts. It is feared that the balloon will ascend to such a height as will cause its unfortunate occupants to be frozen to death and that the balloon will soon after collapse and its remains, together with the bodies of the two unfortunate occupants, may find a final resting place in the ocean.

## ASKING FOR EIGHT HOUR RULE.

Working Men at Chicago Also Notify Other Working Men not to go to that City for Work.

CHICAGO, Ill., June 18.—The joint committee of trades union of the city have decided to send a letter to President Harrison, asking that in all work done by the Federal government, in connection with the World's Fair, that the eight hour day be recognized, all disputes settled by arbitration and not less than minimum scales of wages for various trades, recognized in this city be paid. Another letter has been ordered sent to Sam' T. Gompers, president of American Federation of Labor, asking him not to take any action on request of the labor congress branch of the World's Fair auxiliary for assistance in organizing the World's Fair labor congress in connection with the Fair until the committee can furnish him a report of labor of unsuccessfull efforts with local directory in behalf of minimum scale of wages.

A circular has also been issued to points out that buildings are all to be constructed within 18 months and that wages are likely to be lower instead of higher because of surplus of labor already here.

## Edgfield Murderer Jones Sentenced.

CHARLESTON, S. C., June 18.—Rev. Jones, who murdered his father-in-law, Presley, and two brothers-in-law in Edgfield county four years ago, and who has been tried for his life six times, was convicted of man-slaughter in the court
