to recommend one from the numerous
patent medicines on our shelves we do so
variably turn to Nervine. We do so
because we have confidence in the man-

competent to prepare a medicine of that
character for general use.

Nothing pays better than
judicious advertising.

I am a firm believer in these
truths and it is no theory on my
part. I have tried it and know
what I am talking about.
People who have never ad-
vertised would be surprised at
the great number of answers to
advertisements I receive from
all over the country.

By advertising and fair deal-
ing I have extended my trade
all over North Carolina, into
South Carolina and several
other States.
When a man has a good
thing of course he wants to let
other people know it.
This is advertising.

A SALTEN LAKE.
A Subterranean Channel Discovered to
the Colorado River.
LOS ANGELES, Cal., July 8.—The party
sent out by the Southern Pacific from
Ogden last week to find the source of
the Salten Lake have returned. The
report received at the railroad office
last night says the water leaves the
Colorado River at a point 8 miles from
El Rio and flows through several chan-
nels from 4 to 6 feet deep. It flows
westward along said hills on the line
of the old overland stage at this sta-
tion, making a stream 100 yards wide
or more and having a velocity of four
miles an hour and gaining. It was too
deep to get depth but the old slough at
this point was formerly 30 feet deep.
This is about 35 miles from the River.
We followed the stream 2 miles further
in the direction of Indian Wells. The
water is all the way from half a mile to
two miles wide and 2 to 4 feet deep
having velocity of two miles an hour.
The main channel extends 55 miles
from the Colorado River. This is the
point it enters the desert for Salten. The
old stage route with the exception of
5 or 6 miles, is all covered with water.
This settles the question of the water
supply conclusively as from the Colora-
do River.

New York Stock Market.
NEW YORK, July 8.—Business in the
stock market continued to increase to-
day and trading was almost entirely
devoid of feature, movements in only a
few stocks possessing any significance
whatever. There was consequently no
tendency in either direction among
prices and fluctuations were perceptible
only in leading shares. Trading, such
as it was, was entirely local, neither
London or Chicago doing anything.
Only in St. Paul, Louisville, Atchafon
and Chicago gas was there the slightest
interest attached to dealings. St. Paul
showed a remarkable decrease in its
activity while its range for the day was
the smallest for weeks, and the same
may be said of Burlington and Atchafon.
The rest of the market was quite
neglected. There was a firm opening
and leaders soon moved up, Louisville
gaining a point in reports of a coming
rush dividend. Close dull and firm at
slight advance.
Sales 76,000 shares.

TO DECREASE COTTON ACREAGE.
South Carolina Favors Moving in That
Direction.
CHARLESTON, S. C., July 8.—The low
price of cotton is causing great dissat-
isfaction among the farmers in this
State and various propositions have
been made to limit the production by
decrease of acreage, by plowing up one
fourth the present growing crop and
by other devices. The Farmers' Alli-
ance of Marlboro County in this State
has adopted the following resolutions:
That we pledge ourselves to plant only
ten acres to the horse in 1892, provided
we can get the co-operation of all cotton
States, so as to decrease the production
of cotton and so obtain due reward for
our labor. Second: That we request
the State Alliance to call a meeting for
a convention of cotton growers of the
South, irrespective of class or color, to
meet not later than Dec. 1st next, to
consider the same.
The State Alliance will meet at
Spartanburg July 22d, and will proba-
bly take action on the matter.

Republican Violence in Rhode Island.
PROVIDENCE, R. I., July 8.—As a re-
sult of the decision of the
Supreme Court Friday last in ousting
the recently-elected Democratic Town
Council of Lincoln on the issue of
issuing the Republican primary the town
house yesterday afternoon, forced the
doors and elected officers. Town Clerk
Smith refused to give up the records
pending the production of a certificate
of election of his successor, and await-
ing the arrival of some one to break
open the vault, the day's proceedings
closed.

Knights of Labor Conventions.
PHILADELPHIA, Pa., July 8.—General
Executive board of the Knights of La-
bor has decided upon Toledo, Ohio, as
the meeting place for the next session
of the general assembly of the Knights
of Labor. The convention will be held
November 10th. General Secretary
Hayes says the membership of the order
is increasing extraordinarily and that
a number of trade organizations are
coming back.

Fire in New York.
NEW YORK, July 8.—Fire broke out
about 12 o'clock today in the 6th avenue
car stables at 6th avenue and 43rd St.
Three alarms were sent out but the fire
gained headway so rapidly that a 4th
alarm was sent out for further help.

The Washington Strikers.
WASHINGTON, July 8.—The at-
tempt to bring about a voluntary disar-
mament at the mines has proved a fail-
ure. Each party suspects the other is
not acting in good faith and consequent-
ly very few arms are being surrendered.
Work is proceeding at Gilman, New
Castle and Franklin, but nothing doing
at Black Diamond.

Death of a Prominent Citizen.
WILMINGTON, N. C., July 8.—Geo.
Chadbourne, a leading citizen and mem-
ber of the firm of Jos. E. Chadbourne &
Co., who has been extensively engaged
in the saw mill business in
North Carolina more than forty years,
died today. He was a native of Maine.

THE GERMAN EMPEROR.
QUEEN VICTORIA WILL REVISE HIS
SPEECH FOR HIM.
HOW THEY AMUSE THEMSELVES.

After Witnessing a Game of Cricket in
the Morning They Hear Lohen-
grin at Covent Garden.

LONDON, July 8.—The Emperor and
Empress of Germany after having
breakfasted with Queen Victoria drove
to Frogmore and visited the Royal
Mausoleum. The Imperial party after-
wards lunched at Windsor and were
then driven to Cumberland Lodge
where the silver wedding of the Prince
and Princess Christian of Schleswig
Holstein is being celebrated and were
present at an attractive garden party
there. After leaving Cumberland
Lodge the Emperor was present at a
cricket match which was played at
Windsor for his special gratification.
The Emperor took leave of the Queen
and at 6 p. m. left for London.
Truth says that the Queen has stipu-
lated that Emperor William of Ger-
many shall write out the speech he is to
make at Guild hall on Friday next. Af-
ter having written out this speech, ac-
cording to Truth, the Emperor must
submit it to the Queen for her ap-
proval. Also, that this may act as a curb
to the young Emperor's known incon-
sistency of tongue. The Emperor is
only to read those portions of his writ-
ten speech which may have met with
the Queen's sanction.

The Emperor was present this evening
at the Grand "Command" perfor-
mance at the Royal Italian Opera, the
grandest performance in the history of
the Covent Garden. The central boxes
in the grand tier were thrown into
one immense box for the occasion. The
stair cases and corridors of the opera
house were lined throughout with the
Yeomen of the Guard and with de-
tachments from the Grenadier, the
Cold Stream and Scots Guards.
The whole house may be said to be
one mass of flowers and plants. The
opening scene was from "Lohengrin"
which included a welcome to a German
King arriving on a foreign shore.
Large prices being paid for seats.
Tomorrow the Emperor and his party
and the royal family will hear the
"Golden Legend" at Albert Hall and
some day the Imperial travellers may
visit the naval exhibition. The exact
time for this visit is kept a secret in or-
der to avoid a crush.

THE FALLEN PARNELL.
His Candidate Beats in His Stronghold.
DUBLIN, July 8.—The result of the
election held yesterday at Carlow for a
successor in Parliament to the late
Ogorman Mahon, has resulted in a
crushing defeat for the Parnellite can-
didate in the district which Parnell ad-
mitted was his stronghold and where,
he said, if he was defeated he would
admit he had nothing to fall back upon
in political life. The result of the elec-
tion announced today was as follows:
Hammond, McCarthy candidate 3,755
Kettle, Parnellite candidate 2,116.
Carlow is the smallest county in
Ireland and contains a population of
45,000 people and an electorate of about
7,000 of whom 1,000 are conservatives.
Andrew Kettle, the defeated Parnelli-
te candidate is a farmer of Dublin
county who was twice defeated at the
polls. The late victorious Mc-
Carthy candidate is a popular merchant
of Carlow, where for twelve years past
he has held the position of Chairman of
the Town Commissioners.

The Porte and the Holy Land.
CONSTANTINOPLE, July 8.—The Porte
has issued orders prohibiting orthodox
Greeks from using the Northern entry
of the Holy Grotto at Bethlehem. It
is expected that Russia will enter a
protest. It is officially stated that the
Porte will not permit Jews to immigrate
into Jerusalem. It is added the Porte
will only allow entry of pilgrims.

Fighting Slave Traders.
LONDON, July 8.—Advisers received
here from the Congo Free State an-
nounce that a series of bloody battles
were fought on the upper Congo and
Aruwimi rivers in January and Febru-
ary last between State troops and Arab
slave traders. The slaves were routed
everywhere and were suing for peace
when the advice referred to were sent.

THE DISABLED SERVA.
Her Passengers Taking Other Steamers
for Europe.
NEW YORK, July 8.—Prince George,
of Greece, and his party on their return
to this city last night after their un-
successful attempt to get to Europe on the
Cunard line steamer Servia secured
passage on the Inman line steamer City
of New York and sailed on her at 7
o'clock this morning. There were in
all 90 of Servia's passengers on board
the City of New York, and five who
had sailed on the Servia made a second
start this morning on the White Star
line Britannic. The Servia was brought
up to her pier from her anchorage off
Robbins Reef and the passengers who
still remain on board landed shortly be-
fore 10 o'clock. The majority of them
immediately hastened down to the Cunard
Co.'s office, which was thronged
with passengers who had landed last
night. Officers of the company informed
the passengers if they wished they
could remain here or be
forwarded to Boston in either case at
the company's expense, and sail on the
first steamer leaving these ports. If
they choose the money paid for their
tickets on the Servia would be refunded
and they could then sail by any other
line. A very large number of Ameri-
cans who sailed on the Servia for a
summer trip have abandoned their pur-
poses and will return home.

Raleigh Real Estate.
SPECIAL TO THE CHRONICLE.]
RALEIGH, N. C., July 8.—The real
estate sale here today was a grand suc-
cess. A large crowd was present, many
from other States. Prices ruled high,
especially corner lots, reaching in some
cases about \$4 a foot. This is considered
a genuine boom.

NEW COURT HOUSE
For the Old County of Anson—What
Wadesboro is Doing.

SPECIAL TO THE CHRONICLE.]
WADESBORO, N. C., July 7.—The
county commissioners in session here
yesterday voted an appropriation of
\$20,000 for the new court house to be
built in Wadesboro.
The old court house is to be torn
down and all the material that is ser-
viceable is to be used in the new build-
ing.
The old court house building will be
worth about \$5,000. This will give An-
son county a court house worth \$15,000.
The building will be located on the lot
now used as a cotton yard and about
300 feet back of where the court house
now stands.
The work will be commenced as soon
as all arrangements are perfected.
The town in the neighborhood of the
colored Methodist church was aroused
on Sunday night about 11 o'clock by
cries of distress. It was soon found
that the trouble was at the residence of
Misses Ellen and Lydia Moore, two
maiden ladies who live alone.
The ladies were both asleep and were
awakened by a man in their room.
Their cries caused the man to jump out
at the window which he had raised in
getting into the house.
It was found that a plank had been
placed up to the window and a nail
with which the window was held down
was broken off. The ladies say it was a
mattato man dressed in light clothes,
but they have no idea who he was.
The finishing touches are being put
upon A. G. Bruner's large two story
brick store. It will be ready for use in
ten days.
Shuler Henry, one of Wadesboro's
best young men, has given up his posi-
tion as clerk for Wilson Redfern, with
whom he has been for two years, and
left this morning for Columbia, S. C.,
where he will connect himself with
Rev. L. L. Pickett and devote his life to
the evangelistic work.

Convent Burning.
ST. HELENA, QUE., July 8.—The Con-
vent of La Providence commonly known
as that of Sister Gadows situated on
Richelieu river below Belisle is on fire
and will probably be a total loss. No
particulars yet received.

Another View of the Hata Case.
WASHINGTON, July 8.—The Secretary
of the Treasury has authorized the ac-
ceptance of the offer of the master of
the Hata to pay \$500 for the violation
of our navigation laws in having cleared
from San Diego Cala without the nec-
essary permit. This is the full legal
penalty for such offense, but its settle-
ment has no bearing on the other charge
against the officers of this vessel to wit,
kidnapping a federal officer and violat-
ing neutrality laws.

OFFICERS KILLING EACH OTHER.
A Fatal Shooting Affair in Chattanooga.
Shooting the Other in Jail.

CHATTANOOGA, Tenn., July 8.—Officer
Jas. Looney, of the police force, was
shot and killed here at seven o'clock
this evening by Jack Munsey, ex deputy
sheriff and ex constable. From the
testimony of eye-witnesses Munsey
killed Looney in self-defense. Both
men bear the reputation of being quar-
relsome and it is believed existed for
several days over Looney's arrest for
an attack upon a puny boy for which
he was under suspension. This evening
while Munsey was on a door step on
Market St., Looney walked up and kick-
ed him in the face. A rough and tum-
ble fight followed. After the combats
had been separated, Looney re-
newed the attack and struck Munsey
several times, when the latter fired
three times, two bullets taking effect.
Munsey is now in jail. He is well
connected in this city, but is disolute.

NAVAL ACADEMY.
The Board of Visitors Recommend
Amendments to the Rules of the
Schools.

WASHINGTON, July 8.—The Board of
Visitors to Annapolis has made its re-
port to the Navy department. It recom-
mends that the date of admission to
the Naval yards be fixed from 15 to 18
years instead of 15 to 20 according to
existing law. That the law providing a
donation of one year's sea pay amount-
ing to \$950 to cadets not entering the
service at the end of the six year's
course be repealed; that every cadet
shall be appointed one year in advance
of entrance except when, by reason of
death or other cause, a vacancy occurs
which cannot be provided for by such
appointment in advance; that no cadet
reported deficient in either conduct or
studies and recommended for discharge
by the Academy board be retained or
reappointed in the Academy or appoin-
ted to a place in the Navy until the class
shall have left the Academy and received
their commissions.

THE STATE CAPITAL.
RALEIGH BIDDING FOR THE ODD
FELLOWS' HALL.

A VERY LIVELY LAND SALE.
The Coming Exposition.—Arrest of a
Young Man of Prominent Family
Charged with Embezzle-
ment.—Newby Notes.

SPECIAL TO THE CHRONICLE.]
RALEIGH, N. C., July 8.—Much inter-
est is now being manifested by our peo-
ple in the matter of a site for the Odd
Fellows' Orphan Asylum. Efforts will
be made to secure it for Raleigh, and
tempting offers will be laid before the
committee, now here, headed by Col.
John F. Bruton, the Grand Master of
the order. Advantages in the way of
central location, etc., will be urged.
The sale of lots at "Idlewood," an
eastern suburb of the city, is the excite-
ment today. There are many persons
here from a distance and the bids are
expected to be spirited. The sale com-
menced at 4 o'clock, p. m. The locality
is a most beautiful and desirable one,
and the terms of sale, so far as regards
time, are very liberal.
A postal from Hon. K. P. Battle says
that the rockets of the fireworks here
on the 4th were visible at Piney Pros-
pect, a hill about one mile from Chapel
Hill. It is one of the most command-
ing views east of the Blue Ridge. The
red colors were seen plainly.
The road from the city to the Ex-
position ground is being put in splendid
order. A coating of gravel is placed in
the centre for the road bed of the elec-
tric railway. When finished it will be
one of the finest drives in the State.

The work of remodeling the Baptist
Tabernacle, in this city, is rapidly pro-
gressing. It will be when completed
the finest religious structure in North
Carolina. The congregation numbers
about five hundred, and an appropria-
tion of \$5,000 has been voted for repairs.
This will be increased if necessary.
The Capital Hose company, of this
city, has decided to attend the coming
firemen's tournament at Durham. The
committee, on the part of the aldermen,
agreed to appropriate \$100 to defray
their expenses.

In order to give his personal atten-
tion to the preparations on foot at the
exposition grounds, Mr. Patrick, of the
Southern Immigration Bureau, has
removed his quarters there. He will,
however, have a force of clerks still in
the city, under direction of General
Chilton. The city office will remain in
the agricultural building.
For several days past it has been
rumored, in this city, that Clarence
Busbee, a young man and former resi-
dent of Raleigh, has been charged with
embezzlement in the town of Buena-
Vista, Va., where he has for some time
resided. Young Busbee arrived here a
day or so ago and stopped with his
mother, a very highly respected widow
lady. This morning at 6 o'clock he was
arrested and lodged in the station house
on a dispatch received from the Vir-
ginia authorities. He is a son of the late
Quentin Busbee, one of our foremost
lawyers. There are no details of the
matter beyond the assertion that he
absconded with the funds of a corpora-
tion with which he was connected in
the capacity of confidential clerk.
There is much sympathy here for his
mother and other relatives.
There is a very heavy exodus from
the city now to the seashore and moun-
tains. The can't get away crowd, how-
ever, are exulting today in a delightful
brize with promise of a cool wave to-
night.

A TROUBLESOME CANAL.
Columbia Faces a Deficiency of \$20,000
for the Aqueduct—Land Sale
at Little Mountain.

SPECIAL TO THE CHRONICLE.]
COLUMBIA, July 8.—Columbia's mys-
terious and mystery making canal trust-
ees have sprung another surprise upon
the city. A special meeting of the city
council was called last evening to hear
a communication from the trust-
ees. This proved to be the announce-
ment of a prospective deficiency of \$20,
000 in the canal funds. The engineer
of the canal, who is paid nearly \$400
per month for superintending work
that is costing but \$600 per month,
reports that he was mistaken in all the
former estimates to the extent of \$20,
000. The trustees have only about
\$600 on hand. The council took no
action beyond the passage of a resolu-
tion requesting the trustees to reduce
the salary of the engineer.
The greatest amount of dissatisfaction
exists with the management of the
canal work and the citizens are becom-
ing very restive.
The Piedmont Land and Investment
Company which is operating along the
line of the C. N. & L. railroad proposes
to have a town lot sale at Little Moun-
tain—some miles above Columbia.

Messrs. John Powell and T. G. Pat-
rick, of Fairfield county, have purchas-
ed the old Powell place on the outskirts
of the city and propose to develop a sub-
urban town scheme.
The annual barbecue of the Govern-
or's Guards yesterday was a success.
Quite a large crowd was in attendance
and many sports were indulged in, to
say nothing of the splendid dinner.

A very severe rain storm accom-
panied with some wind and electricity
passed over the city about dusk yester-
day. No damage has been reported.
The rain proves very grateful to this
dust-cursed community as well as to
the cotton and corn.
All the sensation seems to have fin-
ished out of the Leitch affair. The
Methodist preachers of the city in meet-
ing assembled, determined to say to
Mr. Leitch that he must close his
abuse of local divines, or the Methodist
Church would withdraw its patronage
and protection from the meetings. Mr.
Leitch says he will quit talking about
the preachers.

Governor Tillman has pardoned Mi-
nus Simmons, colored, in the peniten-
tiary for man-slaughter.
Will Entertain this Evening.
Hamilton Wilson will entertain a
number of friends this evening from 8
to 12 o'clock.
