MOLANDINE COMPANY.

Gentlemen—Twenty years ago I was a most
dreadful sufferer from chronic liver com-
plaint. For two years I was under most
skilled medical care, deriving only tem-
porary relief. During this period my body
and mental condition were deplorable.
Indeed, I had despaired of ever being a
well man until one bottle of Johnston's
Molandine convinced me to the contrary.
Twenty years' immunity from a recur-
rence of liver troubles ought to convince
the most skeptical.

A letter from Col. John S. Cunningham:

"I take great pleasure in recom-
mending Mrs. Joe Person's valuable
Remedy. I have known several persons
to have suffered from dyspepsia to
have been entirely relieved by taking
this excellent vegetable tonic. One of
my neighbors who was a great sufferer
from scrofula used the Remedy, and is
now a well man."

what we have to say:

are included. We will execute orders
and guarantee perfect satisfaction.

PUTTING ON WAR PAINT.

The Navajo Indians Threatening Trouble

to the Ranches.

SAN FRANCISCO, July 13.—The Chroni-
cle's flagstaff Arise, special says during
the past month the Navajo Indians have
been acting in a defiant manner toward
white men and it was the general belief
that they were waiting a favorable oppor-
tunity to drive cattle men from their
ranches.

The courier has just arrived here from
Little Colorado, 30 miles Northeast, who
news that a band of 600 Navajos had
taken possession of the stock on Wm
Rodden's range driving out herders and
slaughtering large numbers of cattle.
The Indians were well armed and can
get large reinforcements from the reser-
vation.

Sheriff Francis will leave for the
scene tomorrow with 30 armed cowboys
to arrest the leaders of the band. If
Francis fails to arrest the chiefs and get
the Indians back on their reservation,
the war department will be appealed to
and troops probably ordered out. The
Navajo number 1,800, and are well fixed
with arms and are the largest tribe in
the territory.

THE OHIO DEMOCRATS.

Gathering at Cleveland for the Conven-

tion Wednesday.

CLEVELAND, O., July 13.—The dele-
gates to the Democratic State Conven-
tion are arriving in the city and the in-
dications are that tomorrow will wit-
ness one of the largest Democratic gath-
erings ever assembled in the Buckeye
State. Although the preliminary meet-
ings of all the committees will be held
tomorrow the convention proper will
not meet until 10 a. m. Wednesday.

Hon. Allen W. Thurman, son of "Old
Roman" is to be temporary chairman
as this selection is made by the State
Central Committee.

It is apparent to all except friends of
other candidates that Governor Jas. E.
Campbell is re-nominated on the first
ballot, although friends of Hon. Law-
rence Neill still insist that their candi-
date has been fighting Campbell. Ham-
ilton county will cast her vote for Neal
under strenuous efforts that are being
made by Campbell men to have the
re-nomination to go to the Gov-
ernor by acclamation and should
finally induce Neal and Kline to with-
draw for the harmony. The feeling
against Campbell among the Hamilton
county delegates is so strong, however,
that it is a very sanguine man indeed
who would predict harmony in Wed-
nesday's convention.

Gov. Campbell's friends complain of a
card which the day is being circulated
by the enemies of the Governor, to the
effect that he contemplates declining
the nomination, after winning the
fight and that Campbell's men are then
to throw the nomination to John A.
McMahon, of Dayton. The story re-
ceives no general credence.

Congressman-elect, Thos. L. Johnson,
of Cleveland, returned from Europe and
has wired that he will be in Cleveland
today. It is reported he will work in
the interest of Neal.

Indications this evening are that anti
Campbell delegates will make an at-
tempt to combine solidly on a single
candidate after the first ballot, and
Virgie P. Kline, of Cleveland, is being
mentioned as the man upon whom the
combination will be attempted.

Kline has been for some time a passive
candidate for Governor and the Cuyahoga
county delegation has been al-
ready instructed for him.

While both Campbell and Neal have
each considered Kline as friendly to
them, Kline, now on his departure to
Europe, a day or two ago wrote a letter
to his friends in this city announcing
that he stood ready to accept the nomi-
nation for Governor himself, as party
unity seemed to demand it.

It is understood that an attempt will
be made to read this letter in the pre-
liminary stage of the convention in
hopes that it may result in a stampede
to Kline by Neal men and certain luk-
ewarm Campbell delegates. Although
Neal himself is reported as being friend-
ly to the scheme, its success is prob-
ably in the face of the acknowledged
fact that on face of return Counts,
Campbell has sufficient strength to
insure his nomination on the first ballot.

The Venerable Aquila Jesus Dead.
INDIANAPOLIS, July 13.—The Vener-
able Aquila Jesus died here yesterday,
aged 80 years. He had been Treasurer
of Indiana, and was postmaster at In-
dianapolis during President Cleveland's
administration. He cast the first vote
for Andrew Johnson, and was an in-
imate friend of John B. Calhoun, Henry
Clay, Daniel Webster and all the pres-
ident candidates of the past 50 years.

WHY RICHMOND WAS CHOSEN

MRS. DAVIS SAYS ITS PEOPLE SUS-

TAINED HER HUSBAND IN THE

MOST CRITICAL HOUR.

HER LETTER TO THE COMMITTEE.

Where the Remains of the Great Confed-
erate Chief will Finally Rest and
the Site for the Monument.

RICHMOND, Va., July 13.—The Davis
Monument Association and Chamber of
Commerce committee, consisting of
Gen'l J. R. Anderson, Maj. J. Taylor
Ellyson, Gen'l Peyton Wise, Col. J. B.
Purcell and Judge George L. Christian
have received the following letter from
Mrs. Jefferson Davis, which accompa-
nies the copy of an open letter sent out
addressed to veterans and people of the
Southern States.

—MRS. DAVIS' LETTER.

"Through you I return grateful ac-
knowledgement of my children and
myself to President J. B. Purcell and
Chamber of Commerce of Richmond as
well as State of Virginia, for many cor-
dial utterances they have made regard-
ing ex-President Davis. While he had
and strove with the powerful foe, their
moral support was equal to their sub-
stantial aid and went very far towards
strengthening his soul for conflict—un-
equal as it was.

In answer to your invitation I yield
my husband's mortal remains to the
care of Virginia, secure in certainty
that he will rest among his friends who
stood firm in defeat as they did in the
dawn of the Confederate States' exis-
tence and prefer Richmond as the place
of his interment."

The question of a site for mausoleum
and for a monument is now one of ab-
sorbing interest and various sugges-
tions are being made, but as Richmond
has said to Mrs. Davis she would be
free to select any site she chose, noth-
ing will be done in the matter until
she is able to confer with the people. It
is believed that Mrs. Davis wishes the
body to rest in the grounds of the Da-
vis Mansion, corner 13th and Clay, and
it is thought that she will prefer to
have the monument in this section of
the city.

Considerable money has already been
raised for the monument, and it is ex-
pected the South generally will con-
tribute.

HAYTI AFRAID OF UNITED STATES.

That Government Had no More Use For

Fred Douglass

NEW YORK, July 4.—At last line mail
steamer, Athos from Port Limon, arrived
here this afternoon. Late in June
the Athos touched at Hayti, and accord-
ing to her officers it was learned that
Fred Douglass, the United States minis-
ter to Hayti had left his post at Port au
Prince because the Haytian government
did not care to recognize the represen-
tative of the United States, and that it
was rather a desire of the "Black Re-
public" to break off all intercourse
with this country. The Haytian gov-
ernment, it was said, fears the United
States and in order to avoid interfer-
ence of any kind, this government
would sacrifice all official intercourse
with it.

There had been no report of revolu-
tions when the Athos was touched at
Hayti, and no news of that country was
received her return trip, when she put
into Kingston, Jamaica, except that
Legitime was still there and that he was
growing in favor. The Haytians pre-
fer him to Hyppolite, and only await
his word to institute another revolt.

The Athos also brought news of the
failure of extensive fruit importing cor-
poration known as Baltimore fruit,
which has maintained fleets of ocean
steamers.

REPORT CREDITED AT DEPARTMENT.

Reports brought to New York by the
steamer Hayti that Minister Douglas
left his post at Port au Prince because
Haytian Government did not care to
recognize the representative of the
United States and deserved a break off
of all intercourse with this country are
discredited at the Department of State.
Wharton, acting Secretary of State, re-
gards the story as a pure invention and
says there is no reason to believe that
any such condition of affairs exists in
Hayti.

LATEST NEWS FROM CHILI.

The Insurgents Sorely Defeated by the

Government.

NEW YORK, July 13.—News received
in this city today gave information
concerning the latest developments in
Chilian affairs. It said that the plan to
capture government cruisers "Lynch"
and "Condell" at Valparaiso by bribing
the crews was discovered by the gov-
ernment and the leaders of the scheme
put in prison.

The government, it is said, has sent
all revolutionary prisoners to Iquique
by the English steamer Bolivia.

On Tuesday and Friday of last week
the insurgents engaged the revolution-
ists in battle at Coquimbo and were de-
feated with great loss of life. They re-
solved upon an attack as soon as they
heard of the recent decision of French
courts releasing two of the govern-
ment's iron clads, and thought that if
battle was not given at once before the
arrival of the iron clads there would be
no chance of victory.

THE EMPEROR IN HATFIELD PARK.

The Prince and Princess of Wales to

Return His Visit This Fall

LONDON, England, July 13.—
The Emperor of Germany this morn-
ing rode through the most interesting
parts of Hatfield Park Lord Salisbury
having issued orders to the effect that
every part of the park was to be thrown
open in order to enable the Emperor to
roam in any direction he desired. Upon
he touched in Marble Hall. All ambas-
sadors and ministers and their wives
and Mr. and Mrs. Joseph Chamberlain
were present. It is reported that the
Emperor has invited the Prince and
Princess of Wales to visit Germany in
fall next during the coming autumn
and that the Prince and Princess have
accepted the invitation.

EVANGELIST LEITCH

The Citadel Cadets to Be Given a Grand

Military Ball

COLUMBIA, S. C., July 13.—Evangel-
ist Leitch preached three times yester-
day, twice to the whites and once to the
colored people. He has had large au-
diences at almost all his meetings. He
announces that he will close his series
of meetings on Wednesday night. He
has not yet stated what point he will
visit after leaving Columbia.

A movement is taking shape here to
tender the Citadel Cadets a grand mili-
tary ball upon their coming to Colum-
bia to disband after their summer cam-
paign is finished. The ball will
probably be given in the Zouave armory
and a committee from the members of
that company are working up the plan.

The Columbia Typographical Union
has inaugurated a movement to cele-
brate Labor Day in Columbia. This
will be a new experience for this sec-
tion. It is very probable that Septem-
ber 7th will see a Labor Parade in Col-
umbia.

Some excitement was caused here
yesterday by a little son of R. L. Hillier
being bitten by a dog that was sup-
posed to have hydrophobia. The animal
belonged to officer Bolton of the city
police force and was finally shot. The
boy's lip where he was bitten is consid-
erably swollen. As yet he has suffered
but little.

Mrs. Governor Tillman, who was re-
ported ill a few days ago, is improving.
She came very near death one night.

A motion in the suit of the Loan and
Bank vs. Miller Brothers, cotton buy-
ers, has been heard by Judge Frazier at
Chambers. The bank with the court to
appoint a receiver for Miller Brothers,
and the judge has ruled them to show
cause why this should not be done.

This is an off year in politics in South
Carolina, but we have political sensa-
tions nevertheless. The newspapers
and the people of the State are very
much stirred up over disclosures show-
ing that the State officers, the legisla-
tors and the leading politicians of the
Tillman party are all deadhead riders
on the railroads and some of them have
their express packages, their better and
eggs carried free. Many of the very
ardent supporters of Governor Tillman
believed that he would not be a benefi-
ciary of the railroads as he had so vehe-
mently condemned the same thing in
others. They were mistaken and are
now disappointed.

AS WELL AS USUAL.

Blaine Says Sensational Reports About

His Health are Lies.

BARHARBOR, Maine, July 13.—The
Associated Press correspondent conversed
with Secretary Blaine for a few min-
utes this morning.

"I am as well as usual today. Sensation-
al reports about my health sent to the
press all over the country are lies. I
am not a sick man. They have magni-
fied my slight illness into something
very serious. I am taking no medicine
whatever. I go out every day and often
twice a day. I have a good appetite; eat
whatever I desire, rise at 8 o'clock and
retire at 10 or 11. In short, live in my
usual manner. There is nothing more
to say."

Blaine spoke in his accustomed, quick
unhesitating manner, showing no trace
of weakness. He took a long ride this
a. m. in an open carriage, through the
principal streets and some distance into
the country. He gets in and out of the
carriage without assistance, sits erect,
recognizes acquaintances as in former
years and does not show fatigued by
riding. The reports that Mr. Blaine is
mentally unsound are false and absurd.
Emons Blaine said this a. m.: My fa-
ther is constantly improving. We no
longer consider him a sick man."

The New York Stock Market.
NEW YORK, July 13.—The opening of
the new week brought no change to the
stock market from its late condition of
dullness and stagnation in business, but
there was still a firm tone and a slight
advantage gained last week which
stubbornly held and in some cases im-
proved. Stubborn strength was shown
by all of the grangers in face of bearish
attacks by traders, gave tone to the en-
tire market, though in few other shares
were dealings of any importance what-
ever. General apathy of operation was
shown most clearly by transactions of
day movements being entirely of pro-
fessional making and spasmodic in their
character, while confined to very few
stocks and limited in their effects.
Opening was steady. Trading was en-
livened during the first hour by
covering of shorts in
St. Paul, Burlington and Atchafon. Re-
sulting on advance set in toward noon
and everything reacted, downward
movement being helped by rumors of
further gold shipments, which evidently
had their origin in bear sources, but
prices of this forenoon were not main-
tained and early gains were in most
cases neutralized. St. Paul and Louis-
ville were most prominent in the after-
noon drive, but the only stock which
showed any real weakness during the
day was sugar, which, late in the day,
fell off rapidly with some animation.
The market finally closed very dull and
steady, at insignificant changes for the
day. The demand for railroad bonds
was rather more urgent and trading
reached \$705,000 Sales 98,000 shares.

Kansas Democrats Resisting the Al-

liance.

CHICAGO, July 12.—A special dispatch
from Topeka Kansas says: The Demo-
cratic editors who have been holding
a meeting here have decided to prepare
an address to the people of Kansas and
also warn Democrats of the nation
against the Farmers' Alliance. A com-
mittee was appointed to draw up an
