AT TROJAN BANQUET

King, Hewett Named Athletes Of Year

BY JOHNNY CRAIG

West Brunswick seniors Mike King and Jill Hewett, a pair of three-sport standouts, were named male and female athletes of the year respectively last week to highlight the annual Trojan athletic banquet.

King, who participated in football, basketball and track and field, lettered in all three and was named to both All-Three Rivers Conference and All-Brunswick County squads in football and basketball. King played both tight end and linebacker while helping lead the Trojans to an improved 6-4 record last fall.

King (6-foot-2, 190) also started for the Trojans on the basketball court leading the West Brunswick inside attack at forward with a 12-point-per-game scoring average while also averaging 12 rebounds per contest.

Hewett served as a varsity cheerleader while also lettering in tennis and softball. She was also named the most improved cheerleader by advisor Ruth Johnson.

Hewett was the number three seeded singles player on the Lady Trojan tennis team that finished 9-1 last fall and won the Three Rivers Conference championship for the third time in four years. Hewett also teamed with April Causey as the number one doubles seed.

Most recently, Hewett played on the Lady Trojan softball team that, after a disappointing start, finished strong and grabbed a share of second place in the TRC.

Prior to the various awards presentations, several individuals outside the school were honored for their assistance to the Trojan athletic program.

Booster club members Larry and Janice Andrews were presented the annual Super Booster Award for their contributions to the West Brunswick athletic program while Jim Parsons received a special award from coach Jerry Small for his teaching help with the Trojan tennis program.

In other special awards, basketball coach Ronnie Champion honored senior cager Robert Thompson. Thompson was a three-time All-Three Rivers Conference, All-Brunswick County, All-East and All-Region performer while scoring over 1,300 points in his career. Thompson

averaged 24 points, 12 rebounds, two assists and two steals per game and broke the school single-game scoring record in his final season.

"Robert's midseason maturity was the key ingredient that enabled us to share the Three Rivers Conference championship with East Bladen. He was the leading scorer of all players chosen to the All-East first team and will be missed tremendously next year," said Champion.

In girls tennis, senior Gina Howard was named most valuable player and freshman Lee Scarborough received most improved honors. Along with Howard and Scarborough, Leslie Gore, Joelle Bolick, Hewett, Sheila Huddle and Causey received special awards.

Greg Bland was honored as most valuable in boys tennis while Bryan Cheers was named most improved. "HERE'S WHY I SELL DUAL"

There are other grass herbicides on the market, but none of them measure up to Dual. In field after field, year after year, I've watched them all perform. And once a grower sees Dual work in his own corn, soybeans, or sorghum, he's more than likely to stay with Dual.

Why I recommend DUAL:

- Excellent control of the problems like nutsedge, tall pan-cum, and foxtails. And it controls black nightshade in beans.
- Lasts longer to keep late grasses from spoiling harvest.
- Yields Dual delivers excellent grass control which has been proven to be a key factor in yield studies.
- Low per acre cost. Because Dual rates are measured in pints, not quarts.
- Finally, I support Dual because Dual's the only one helping to get the farmers' message to the public on network television. That helps all of us.
