

**Musical Comedy Opens Tonight**

The hilarious musical production of "A Funny Thing Happened On The Way To The Forum" will be presented at historic Thalian Hall in Wilmington July 25-28, Aug. 2-4 and Aug. 9-11. Performances begin at 8 p.m. Directed by Lou Criscuolo, the show features Dick Olsen, Tony Rivenbark, Peter Carew,

Leslie Boney, Clifton Daniel, Catherine Schoew, Marsha Utterback and Bill Piper. Ticket information and reservations are available from the Thalian Hall Box Office, 763-3398.

## Leland Group Slates Field Day

The Leland Community Action Group meets today (Thursday, July 25) at 7:30 p.m. at the Leland Volunteer Fire Department building to continue planning an old-fashioned community-wide field day.

The field day is scheduled for Saturday, Sept. 21, at Leland Park.

Spokesman Barbara Johnson said the group is inviting individuals, businesses, civic and service groups to exhibit arts and crafts at the fair. Tables and booths will cost \$10 each, with a \$5 discount for senior citizens.

Interested persons are to contact Ms. Johnson by writing her at P.O. Box 720, Leland, N.C. 28451, or by calling 371-3969. They can also attend the meeting tonight.

Games and activities at the field day will be coordinated by the Brunswick County Parks and Recreation Department.

## Getting A Job Made Easier

Economically disadvantaged adults will have an opportunity to hone job-seeking skills in a "How To Get A Job" course offered by Brunswick Technical College, beginning Aug. 5.

There will be no charge for registration or books and qualified students will receive a travel stipend of up to \$15.00 per week. The course will consist of 6-8 weeks of basic orientation and motivation, basic education, and skills enhancement.

The human resources development program is designed to give adults the job-seeking edge by teaching them to sell themselves to prospective employers by strengthening their basic educational knowledge or completing their high school equivalency, where necessary.

HRD is mainly a job program. It will help job seekers overcome the unemployment "terrors" according to college HRD Coordinator, Linda Ready.

# BTC Is Beating Enrollment Odds

While most sister institutions are experiencing dramatic drops in enrollment, Brunswick Technical College continues to grow. Over 250 students are enrolled for credit courses. Approximately 2500 students are enrolled throughout the county in continuing education courses during the summer quarter.

Though enrollment at BTC has consistently increased, it is not without hard work on the part of college employees, administrators, faculty members and students, said Powell. "When a person expresses an interest in enrolling in a course, his or her name immediately goes into our information system. That system guarantees that he or she will be contacted by mail, telephone, or a visit from a college representative. Every college employee is involved in promoting Brunswick Tech," said

Powell. The fall recruitment plan will begin with a kick-off breakfast for employees July 31.

Enrollment for the fall quarter is expected to surpass all enrollment records for the young college. "Because of the tremendous response to real estate courses, a new program has been added which will provide the opportunity to earn an associate degree, a certificate or diplomas in real estate," said Powell.

The general education program in which a student may earn the first

two years of credit toward a four-year degree is also growing rapidly.

"The news that students can live at home and pay only \$51 in tuition per quarter is spreading," said Powell. General education is one of the fastest growing programs at the college.

"Students are urged to submit applications as soon as possible for the fall quarter to guarantee space for themselves," said Powell. The Office of Student Affairs is open daily, Monday through Thursday, from 7:30 a.m. until 9:30 p.m.

## June Health Grades Told

Sanitarians in the Brunswick County Health Department inspected and graded the following food service and lodging facilities during June.

Grades are based on a perfect score of 100 with points taken off for infractions if health standards. An "A" is given to scores of 90 or above, a "B" represents grades between 80 and 90 and a "C" represents scores of between 70 and 80.

An establishment which scores below 70 would not be allowed to remain open.
