Families Explore Coast

A special program offered by the University of North Carolina at Wilmington offers families an unique opportunity to explore the coastal habitat together.

"Exploring Our Coastal Habitat" is offered on three Saturdays, Sept. 14, Oct. 12 and Nov. 9, from 9 a.m. until 3 p.m.

Working as a team, parents and children will travel together to rivers, marshes and ocean sites, collect marine and plant organisms and study them in laboratories under the supervision of instructor Sally Zimmerman.

Ms. Zimmerman has worked at the N.C. Marine Resources Center and with various other coastal programs.

Course participants should bring a Thermos and lunch and wear clothing appropriate to the weather, with tennis shoes a must. Children under age 16 must be accompanied by an adult.

Cost is \$49 for adults for three classes. An addition charge of \$5 will be paid by those who want to earn 1.8 units of continuing education credit. Youth fees are \$16 for the three classes. Other children will be charged \$12. The fee for one class is \$18 for adults and \$8 for youth.

For more information, contact the UNC-Wilmington Office of Special Programs, (919) 395-3195. Registration deadlines are Sept. 6, Oct. 4 and Nov. 1.
