

Surfers Commended For Holden Rescues

BY MAJORIE MEGIVERN
The Holden Beach Board of Commissioners voted Monday to send letters of commendation to four surfers who recently saved two swimmers from drowning in the ocean off Holden Beach. Public Safety Commissioner Graham King reported the incidents at the board's regular meeting.

On July 3 an eight-year-old child was swimming in the ocean when he went under, and three nearby surfers went to his aid. Finding him face down, Randy Keese, Bobby Batson and Steve Scarborough brought him ashore and he was taken to the hospital. "After a couple of days he was okay," King reported, "but he would have drowned without their help."

Commissioners recalled that a few weeks ago another surfer, Bobby Robinson, also saved a swimmer. All four are being officially thanked by the town for their efforts.

Appointments

The board appointed Alan Holden and Jim Griffin to three-year terms on the planning and zoning board, and named Jack Scarborough to fill the unexpired term of Harry Yoder. Charlotte Nolte was elected alternate on that board, a one-year position.

Elected to the board of adjustments were Martin Feldt and Bob Campbell to three-year terms, while Al Bell and Perrian Padgett were named to one-year terms as alternates.

Hurricane Plans

Further hurricane readiness plans were finalized. Commissioner Hal Stanley said the command post would be set up in his office at the Sun Co. on the causeway, where telephone lines will receive incoming calls for town officials, in the event of a storm. The town hall telephone number will rotate into the numbers there. Stanley said bathroom and kitchen

facilities are also available in his offices.

Next door, Green Oak Cottages will provide lodging for those crucial to the town in an emergency. "But Carvin Robinson said only people can stay there, not animals," Stanley reported. "I really believe the town should not be responsible for families, small children or pets; only those people needed for town work should be at the command post."

Mayor John Tandy asked Stanley and King to prepare a list of critical people in emergencies.

Commissioner William Williamson said the hurricane evacuation plan will follow the plan already established by Holden Beach, and he suggested that two people go together to each house to initiate evacuation.

Safety and Streets

King gave a public safety report for June as follows: 127 service calls, three fires, 38 parking violations, 17 speeding violations, two breaking and entering offenses, one drug violation, one major larceny and two minor larcenies, one vandalism episode and three traffic accidents. Property recovered was valued at \$698.

Stanley and Streets and Accessway Commissioner Gay Atkins had a heated exchange over her request for \$800 to build a new accessway just east of 679 Ocean Blvd. "We don't need all this fancy walkway and railings clear to Ocean Blvd. All people really need is to get up, over and down the dunes. I move we appropriate \$500 for that," he said.

Ms. Atkins protested that she had several estimates on the work and they were all \$800 or more, but Stanley said Martin Feldt, in attendance at the meeting, had offered to do it for \$500. The cheaper job would, however, provide only the minimum coverage of the dune. Two or three people in the audience spoke up in favor of posts and rope to guide pedestrians to the dune, so they wouldn't stray onto nearby yards.

"How about giving me \$800? I won't spend it if I don't need it. I promise!" Ms. Atkins pleaded. Commissioner Williamson then moved for an appropriation of \$800, which passed unanimously.

Beach Cleanup

Sanitation Commissioner Lyn Holden reported that garbage pickup over the holiday had been good. Stanley asked, "What about the beach patrol that was supposed to keep the strand clean?" and Holden shrugged, deferring to Town Administrator Bob Buck who said, "A whole lot of people are drinking beer that didn't used to. We had the greatest concentration of beer cans I've ever seen."

Tandy suggested more help is needed to clean up the beach. When he asked members of the audience about sanitation conditions around their homes, he heard, "Like a garbage dump," and "It would be awful if we didn't clean it up ourselves."

King suggested two men be hired to start at either end of the island with trash bags and meet in the middle, followed by a truck picking up the filled bags.

A financial report of the last fiscal year, given by King, revealed town revenues were up 8.1 percent more than expected and expenses 4 percent less than expected.

Building inspector, Dwight Carroll reported for June: 28 repair and bulkhead permits, construction value \$50,400; four new house construction permits, value \$226,641; \$1,368 collected for building permits; 43 houses and two condo units under construction; 13 CAMA permit applications. He said in June of 1985 ten new house construction permits were issued, so building is down a little this year.

In other business the board:

- Supported a grant for New Hanover County airport;

- Approved a resolution to pave Sanford Street;

- Voted to let Wildlife Resources take over the boat ramp at the bridge;

- Approved a water fee of \$2.50 per piling to be charged with building permit;

- Heard that the Department of Transportation had counted traffic at the causeway intersection in April and concluded no traffic signal is needed;

- And received a petition from Dr. Norman Duncan, signed by residents of I.S. Holden subdivision, asking that parking be prohibited on their streets, due to the danger.

The board had a brief executive session on personnel matters.

PEOPLE IN THE NEWS

Chamber Board Installs Four

Four new members of the South Brunswick Islands Chamber of Commerce Board of Directors were installed Tuesday at a dinner meeting in Calabash, according to Chamber Co-Director Anne Marie Schettini.

They are Tom Haley, of Harbor Town Restaurant, Calabash; David Batten, of Brunswick Electric Membership Corp., Shallotte; Donald Ray Long, Brunswick Farm Supplies, Ash; and Debbie Sloane Fox, of Sloane Realty, Ocean Isle Beach. Their terms expire in June 1989. Alan Holden, 1986-87 chamber president, administered the director's oath.

The outgoing chamber president, Leo Johnson Jr., presented plaques to retiring directors Tripp Sloane, Miller Pope, Judy Young and Frances Williams at the end of their three-year term.

Begins Duty

Army Spec. 4 Lyndon E. Bellamy, son of Dorothy J. Johnson and grandson of Annie M. Young, both of

Longwood, has arrived for duty with the 325th Infantry, Ft. Bragg.

FFA Conference

Jeff Russ and Dean Smith represented the West Brunswick Chapter of Future Farmers of America at the state leadership conference June 30-July 4 at White Lake.

Russ is president, and Smith vice-president of the local chapter, whose advisor is C. Michael Russ.

Mileage Wins Noted

Top mileage participants received prizes in the month-long individual fitness campaign sponsored by the Brunswick County Parks and Recreation Department.

They were Curtis B. Cowan, who completed 377 miles bicycling and 60.6 miles running; Ken Cook, 45 miles bicycling; Charlotte Haw, 100.9 miles walking; and Dovie White, 85 miles walking.

Calendar Of Events

Thursday, July 10
