

Do You Think Planning Your Own Funeral Is Being Pessimistic?

Many people would answer yes. However, many of those same people have insurance for their health, life, home, car, along with wills, trust funds, etc. In our society we're accustomed to preparing ourselves, financially, for the future. But, we often fail to prepare in other ways by overlooking our emotional needs.

Our booklet, *A Guide To Planning Ahead*, is designed to help families openly discuss their feelings about death and their individual preferences in regard to funeral services, burial or

cremation. It may sound pessimistic at first, but the many families who have used this booklet tell us it helped them become closer. They tell us it helped them make important decisions, together, in a calm and rational way, resulting in peace of mind regarding the future.

Chances are *A Guide To Planning Ahead* can help you and your loved ones come to a better understanding of your needs, both financially and emotionally. We'll be glad to send you a free copy. Simply return the coupon below.
