Stevenson Reappointed

Joseph (Joe) Stevenson of Route 3, Supply, has been reappointed by Danieul T. Blue Jr., speaker of the N.C. House of Representatives, to a second two-year term on the North Carolina State Ports Authority. The term will expire June 30, 1995.

The Authority is the policy-making board that oversees operation of the authority's ports at Wilmington and Morehead City.

Widener Recognized
Crystal Widener of Supply has been recognized for academic achievement as a United States National Honor Roll Award winner by the United States Achievement Academy.

A rising ninth grader at West Brunswick High School, Crystal is the daughter of Mary Sue Widener of Supply. She is the granddaughter of Mr. and Mrs. James O. Johnson of Winston-Salem.

Crystal will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

Retires From Position

JoAnne Frazier has retired as Cape Fear Chapter manager of the American Red Cross after 32 years of service in the Carolinas.

Frazier retired June 30 after three years as manager of the local chapter, which serves Brunswick, New Hanover and Pender counties.

She has been replaced by Toni H. Rupert, a West Virginia native who has served as a Red Cross executive for 12 years. Rupert will be moving to Wilmington from Rochester, N.Y.

18 Turtle Nests Up For Adoption

Eighteen sea turtle nests at Holden Beach are still available for adoption, says Judy Bryan, coordinator of the town's Turtle Watch program.

The eggs are expected to hatch in September and October.

As the hatching time nears for a particular nest, program volunteers—usually working in teams—stand watch so they can help the emerging baby turtles on their hazardous trek to the ocean.

Any individual, family or group interested in adopting a nest is asked to call Bryan immediately at 842-7242.

Red Cross Seeking Donors

The American Red Cross is appealing to local residents to participate in upcoming blood drives.

The next local drive will be held Monday, Aug. 23, from 1:30 p.m. to 6 p.m. at Trinity United Methodist Church in Southport.

Blood is a perishable product that only lasts 42 days on the shelf. Accidents, planned surgeries and blood therapy are just some of the ways blood is used.

All blood types are needed now. Donors must be at least 17 years old, weigh more than 110 pounds and be in good general health.

According to Dr. Jerry Squires, it is important for collection goals to be met at upcoming drives to insure that adequate blood supplies are available to meet transfusion needs in area hospitals.

A combination of low turnout of volunteers, with no accompanying decline in the need for blood products, stretches resources during the summer months, he indicated.

Blood donations can be made very two months, or 56 days.

So far this summer collections have only reached about 79.5 percent of hospital demands. Between now and Sept. 12, the Red Cross says it needs 1,350 people to donate each day to meet the needs of patients in 119 hospitals in the Carolinas Region. The region serves 80 counties in North and South Carolina, Tennessee and Georgia.

For more information on donating

or on the bloodmobile, contact the Cape Fear Chapter office at 919-762-2683.
