When a family is looking for a home or vacation home, they want to know more than which ones are for sale.

Smart home buyers look for more than a real estate guide when they are moving to a new community or

anticipating purchasing that long-dreamed-of vacation home. They look for a guide to the community, like *The Brunswick Beacon*, which not only lists what

homes are on the market, but tells them important things they need to know about the area in which they may move or invest. The *Beacon* provides insight into

the community that you can't find in any other source that also provides listings of homes

for sale. And that's why smart home sellers get such good results when their homes are listed for sale in the real estate and classified advertising

section of *The Brunswick Beacon*. If you have a house for sale and it's not listed in the *Beacon*, call us...or call your Realtor.
