Stormwater Management Coming

Al Consalvi (left) of Sunset Beach takes the oath of office last Thursday, administered by Sunset Beach Mayor Mason Barber, as the newest member of the South Brunswick Water and Sewer Authority. The panel, which meets again today (Thursday) at 7 p.m. at Sea Trail's Maples Clubhouse, committed last week to a comprehensive stormwater management program for which it hopes to obtain state and county participation financially and through public education. The program is expected to resolve the most serious concerns raised about the regional sewer project's secondary effects on the environment.
