Introducing The McBacon Deluxe.™

This may be the biggest story in today's paper. McDonald's® is introducing the McBacon Deluxe, a hefty hamburger stacked to the max with sizzling, smoky bacon, lettuce, tomato, two juicy, hot all-beef patties, mayo and cheese. In fact, there's so much good stuff stacked into the McBacon Deluxe, we had to use a double-decker bun just to hold it all.

The new McBacon Deluxe is now available at your local participating McDonald's.
That's probably the best news you've heard all day.
