BE SAFE ~ VOTE FOR GRAHAM

**A True Democrat Now and Always
Thoroughly Fitted by Training and Experience**

He offers a program of gradual change, designed ultimately to eliminate the general sales tax, simplify school administration, improve road maintenance. Nomination and election of Mr. Graham will bring about reorganization and simplification of the state's departments and affairs in such a way as not to jeopardize the state's credit or interfere with the orderly process of government.

Few, if any, men in North Carolina, have so great a familiarity with education, highways and taxation. He knows what it is all about when it comes to the governmental problems.
